RAGNAROK

The End Of The Beginning . . .

TIME

SENIORS:
The Class of 1988 has left their mark on the circular halls of Valhalla. Their unique individuality and spirit as taken them from a divided and diverging group of freshman and transformed them to a united, dynamic Senior class. With a Hollywood Style Senior Banquet, a Tropical Homecoming, and a La Jolla Marriott Prom, this has truly been "The Time of Our Lives"!

UNDERCLASSMEN and STAFF:
As each class progresses, certain characteristics become associated with them. The classes of 1989, 1990, and 1991 have already begun establishing their unique personalities. In the future, looking back on the pre-Senior years, it will seem amazing that anyone survived Humanities I, Computer Studies, or the ever-dreaded Biology. Yet another year has passed, and although the road was not always smooth, the individual growth that occurs here is almost immeasureable.

FALL SPORTS
After receiving the Don Clarkson Memorial Award for All-Around Excellence in Boy's Sports in 1987, the Fighting Norsemen again proved themselves worthy by dominating in Waterpolo, Girl's Tennis and Girl's Volleyball. Once again, Valhalla has begun on its perennial journey towards the CIF Championships.

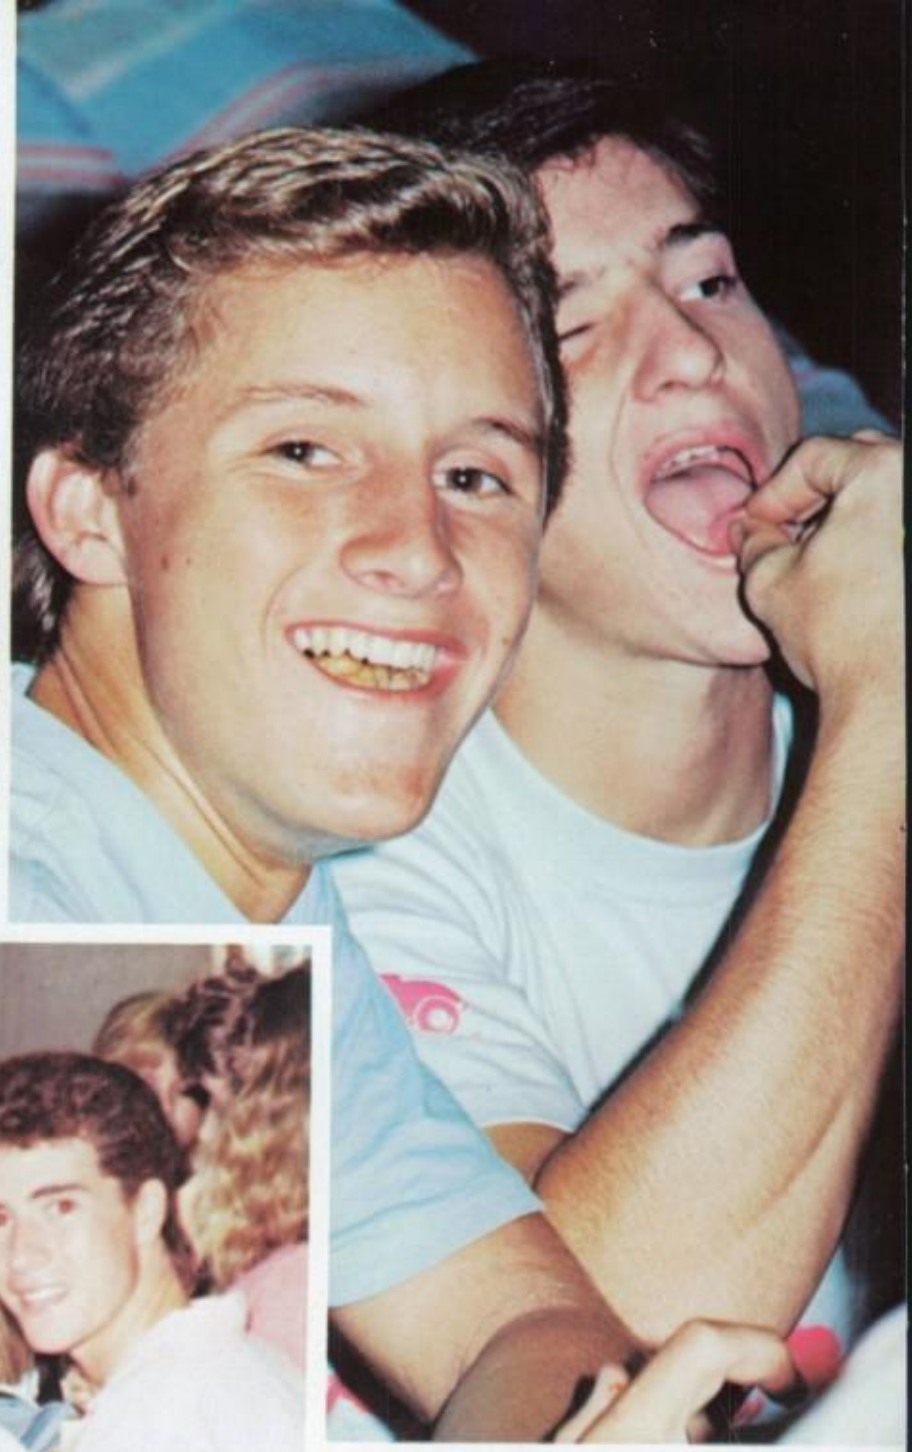
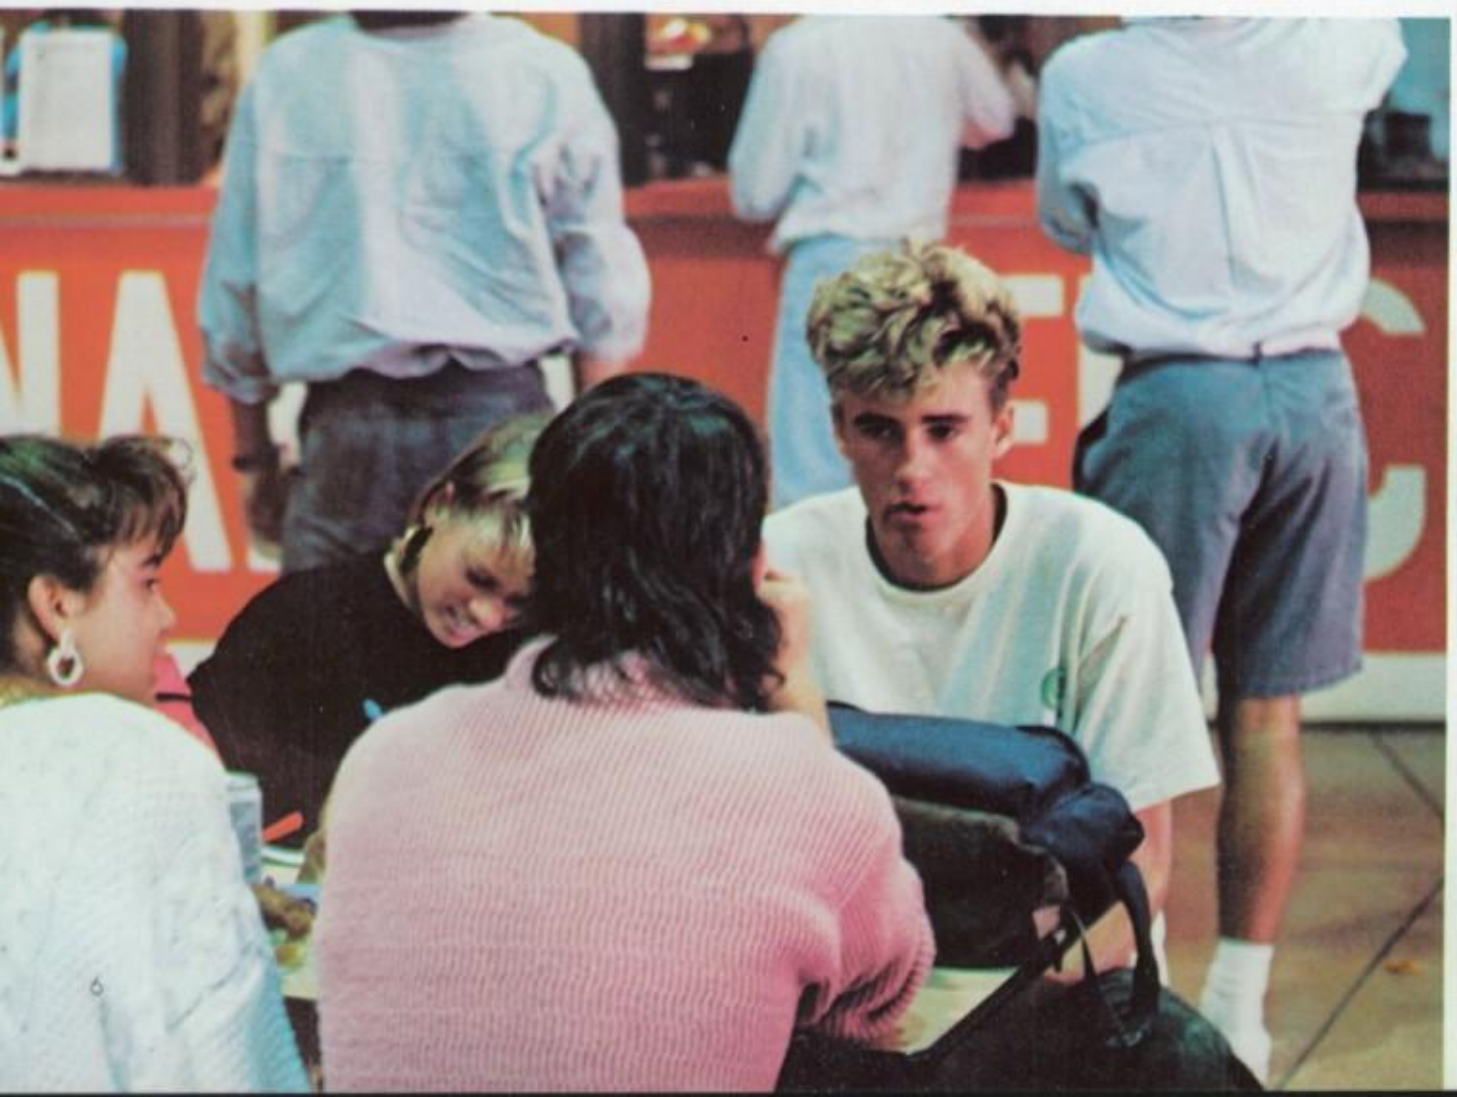
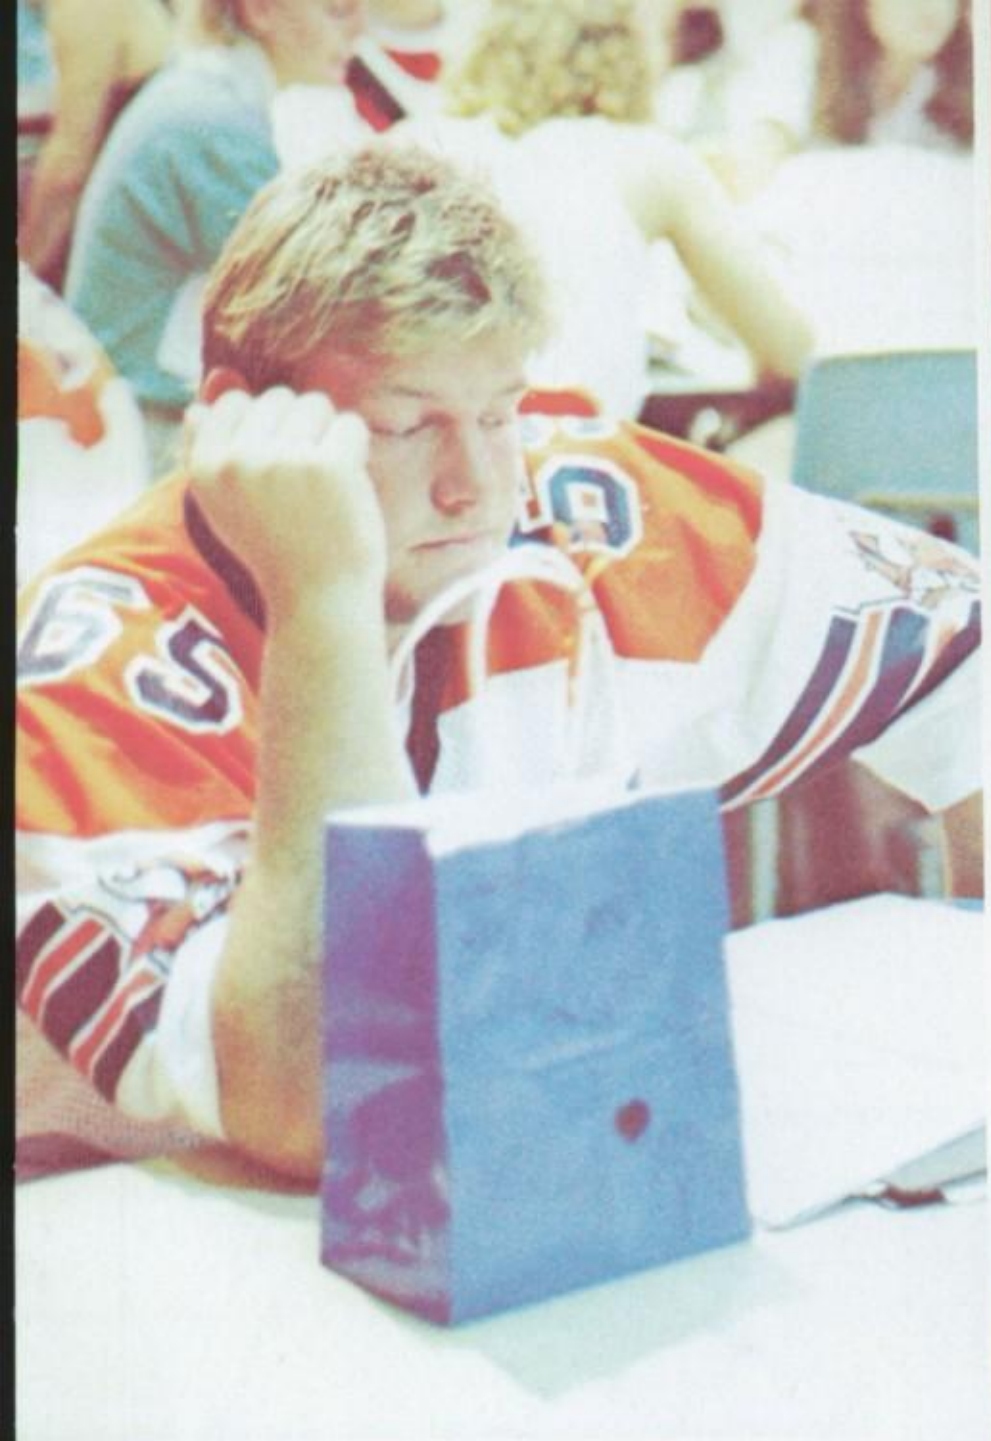
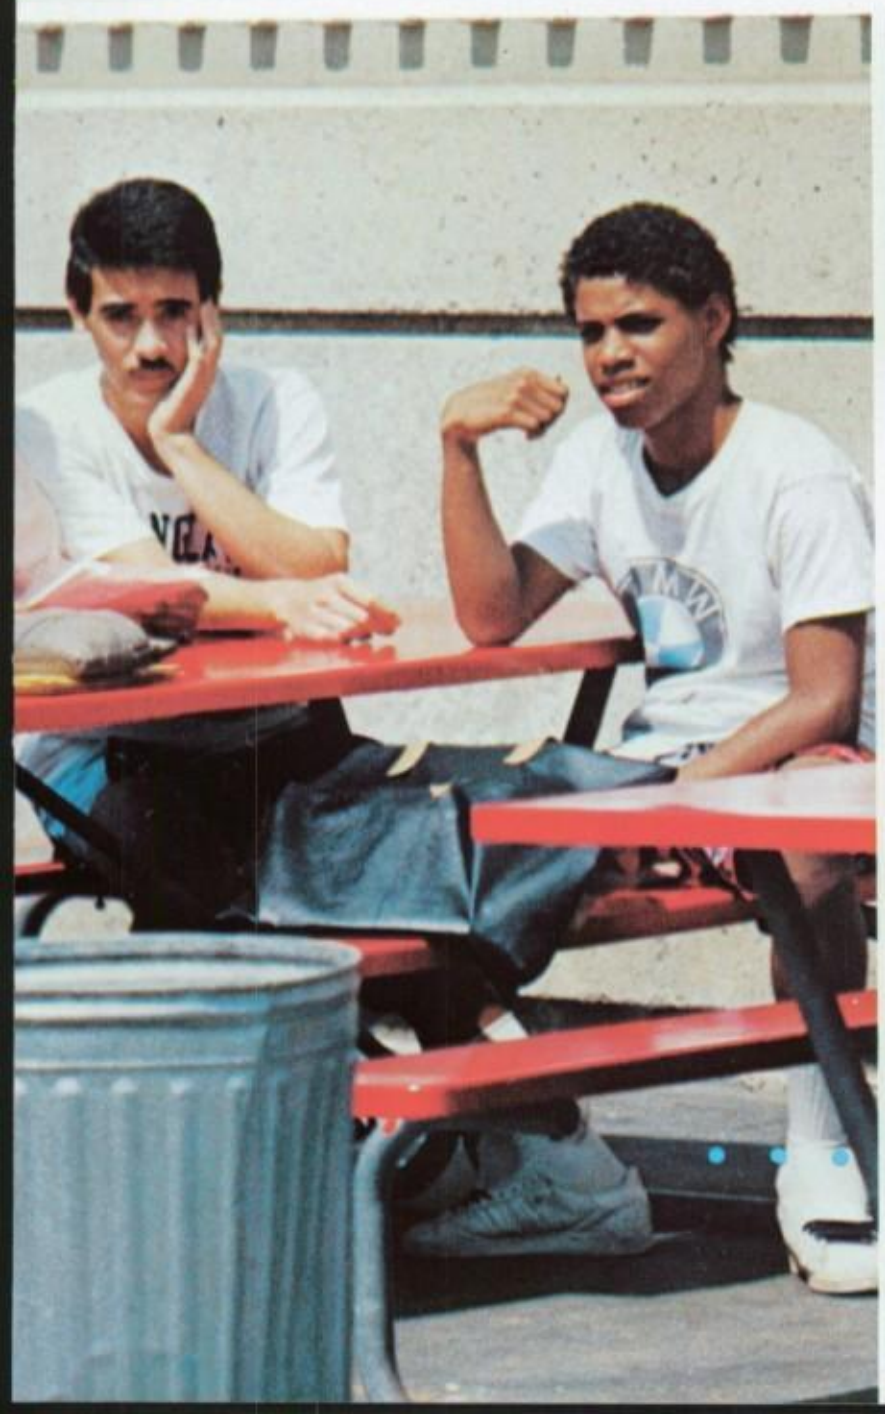
Sign of the times . . .

At Last . . .







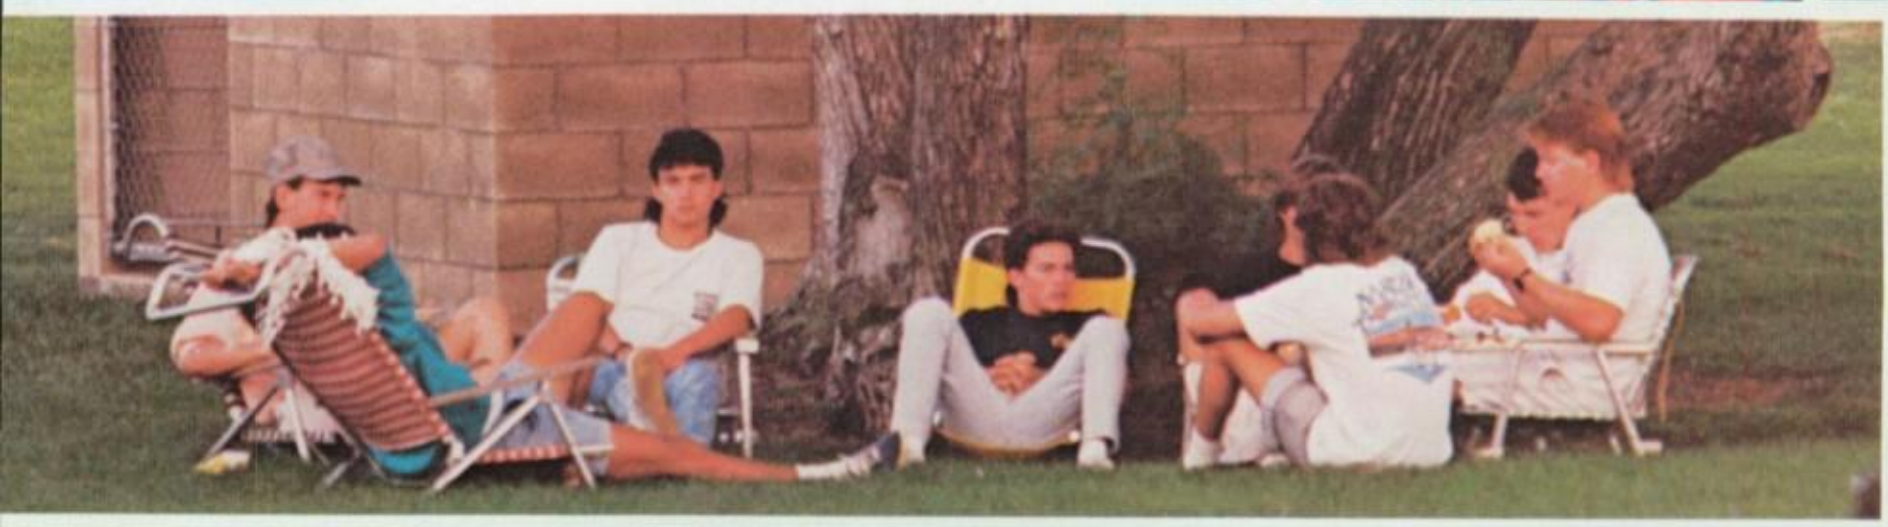


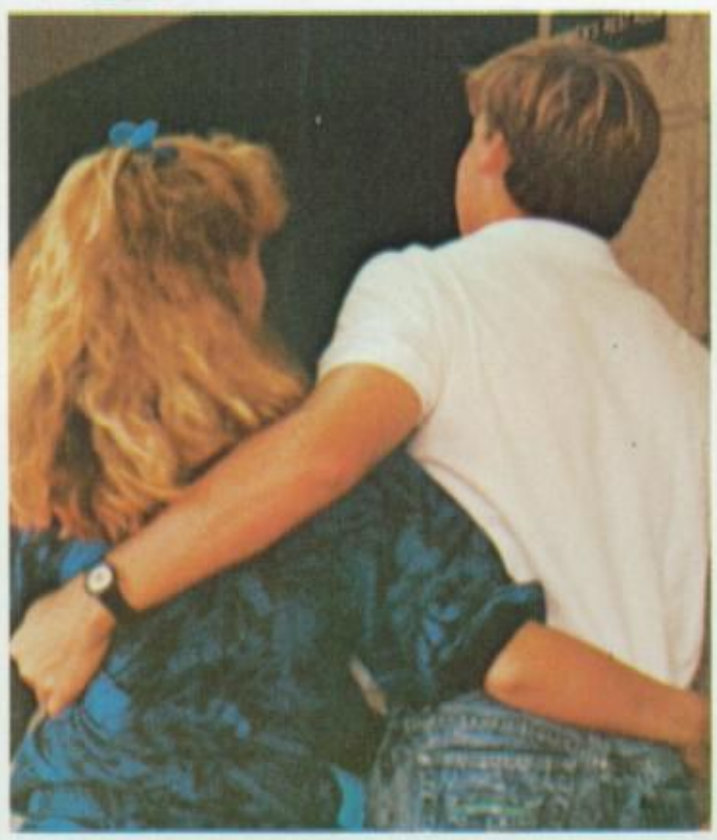
. . . LUNCHTIME!!!!

It's a time for friendship . . .

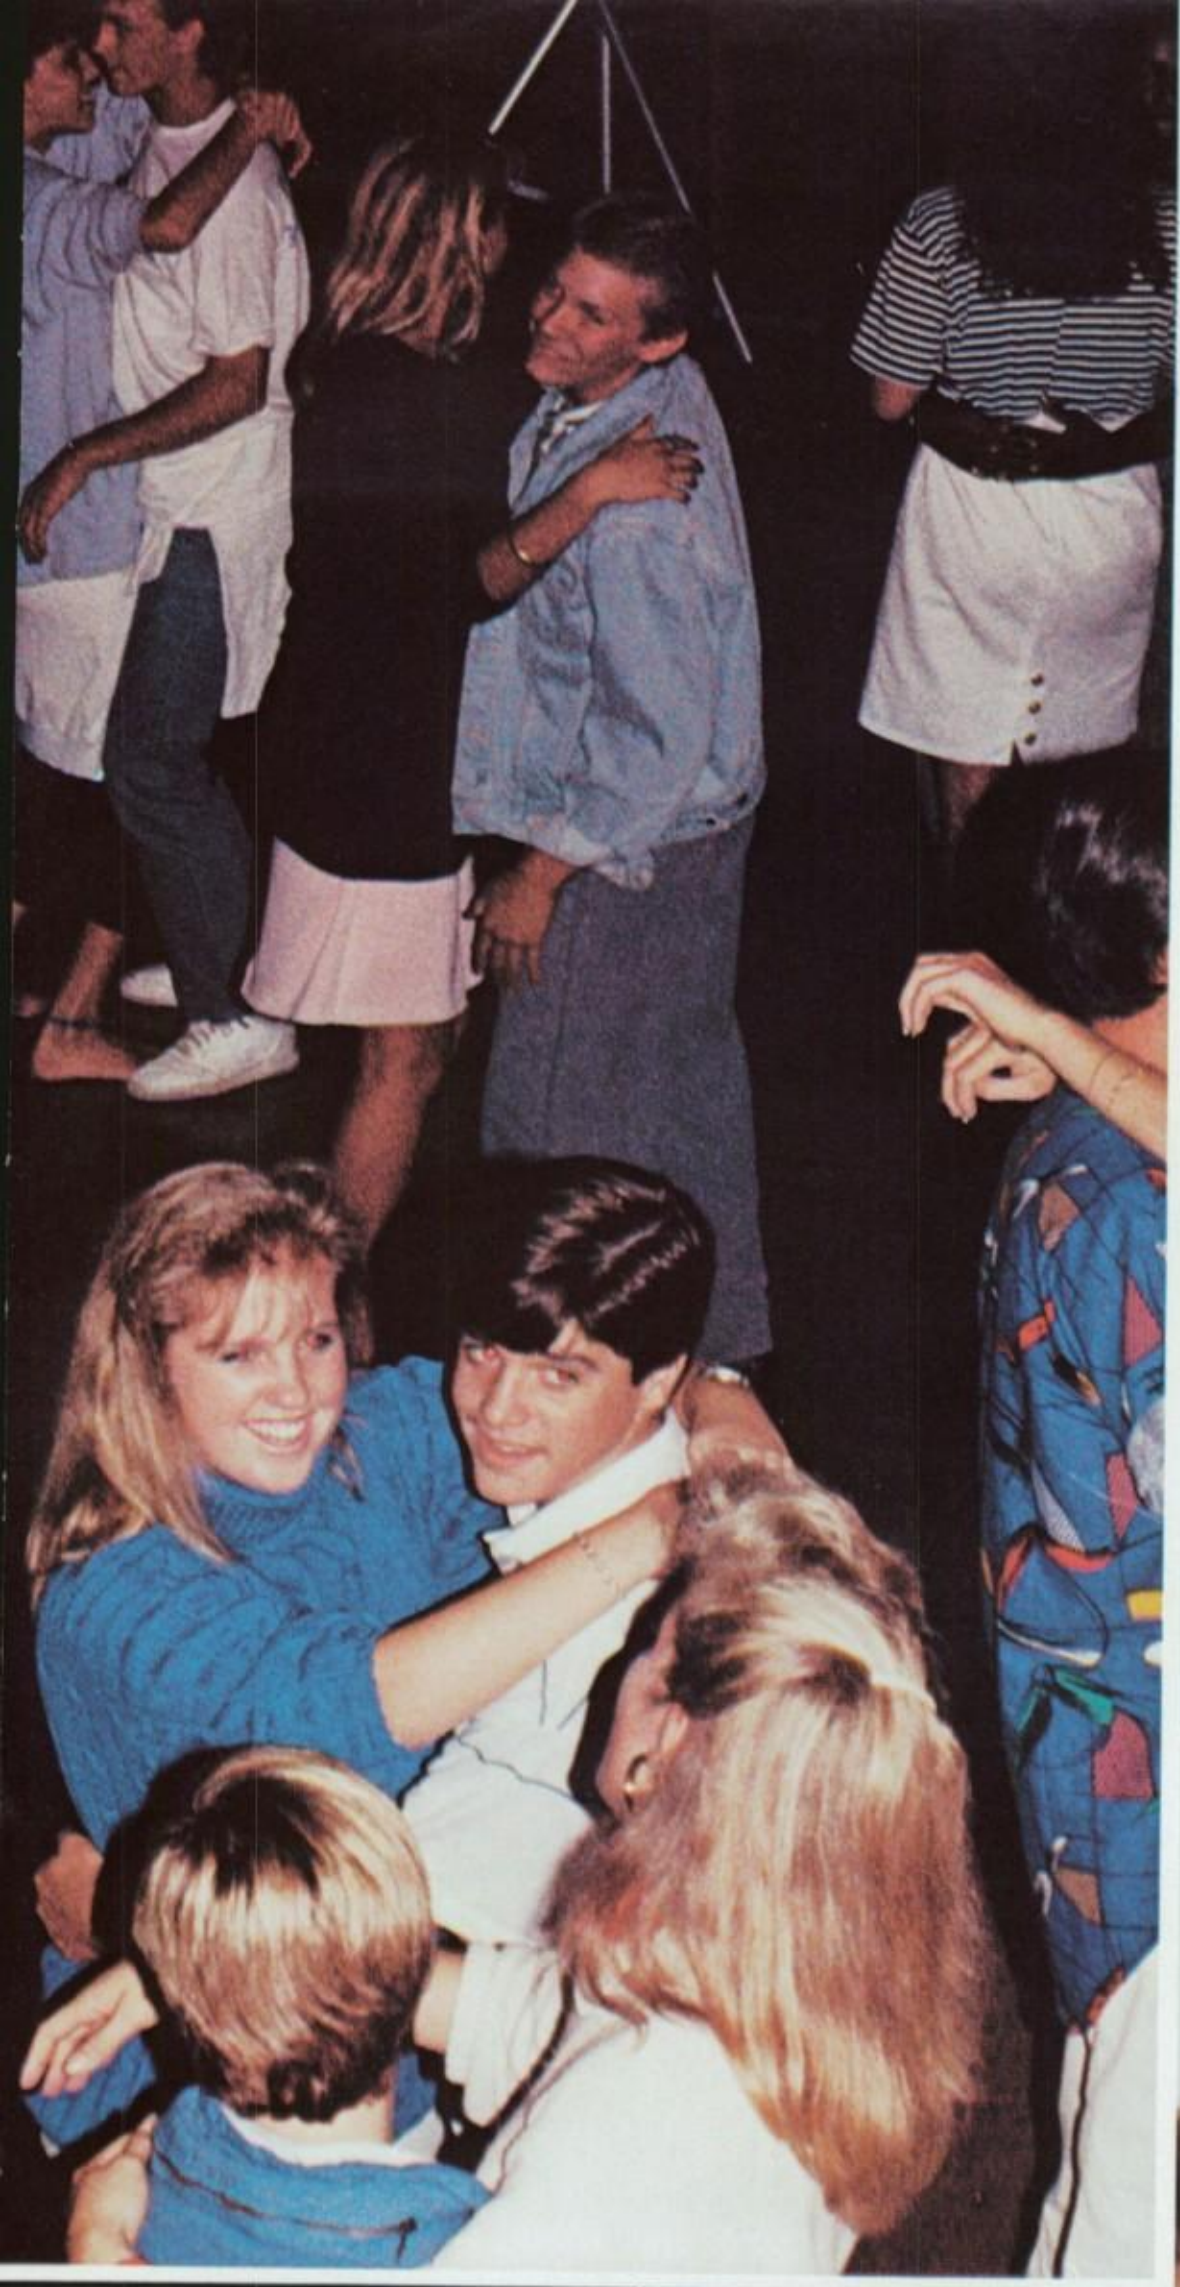
As we look back on our days at Valhalla, there will, of course, be memories of Prom, Homecoming, and the many other special moments; but one day, these will become faded images. More than anything else, we will remember our friends. We'll remember all the laughter, all the joy and all the tears we have shared here. Inevitably, friends will grow apart and move into separate worlds, but the memory of our years together at Valhalla will last a lifetime.

"There are no strangers here, only friends we have not met."



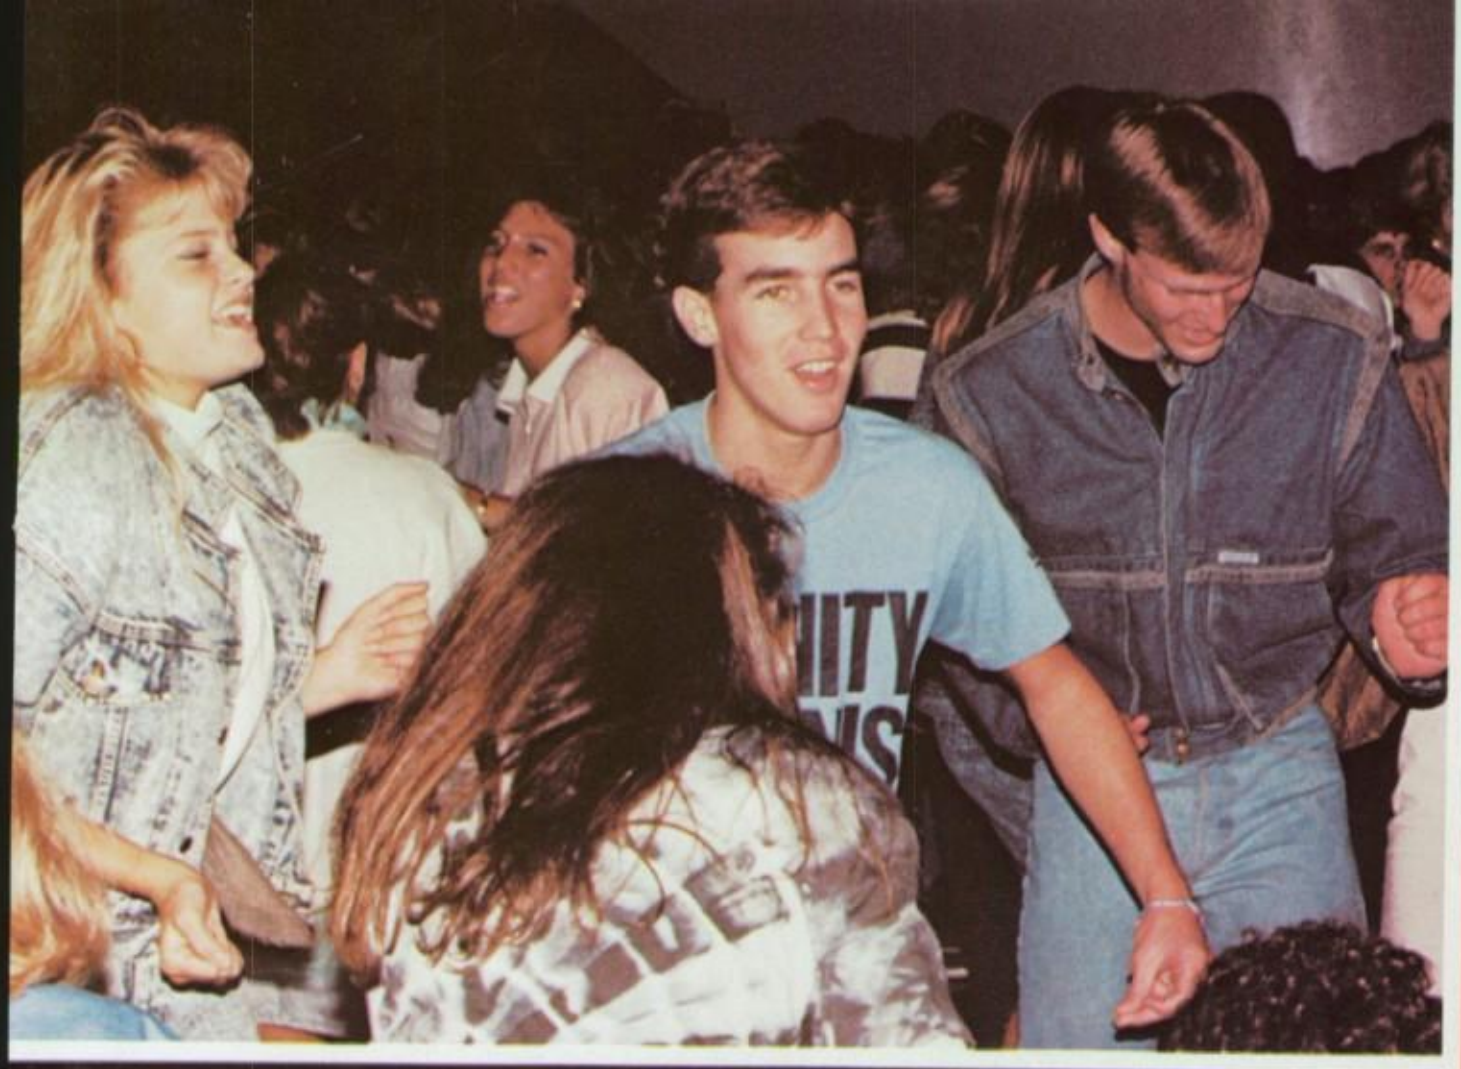


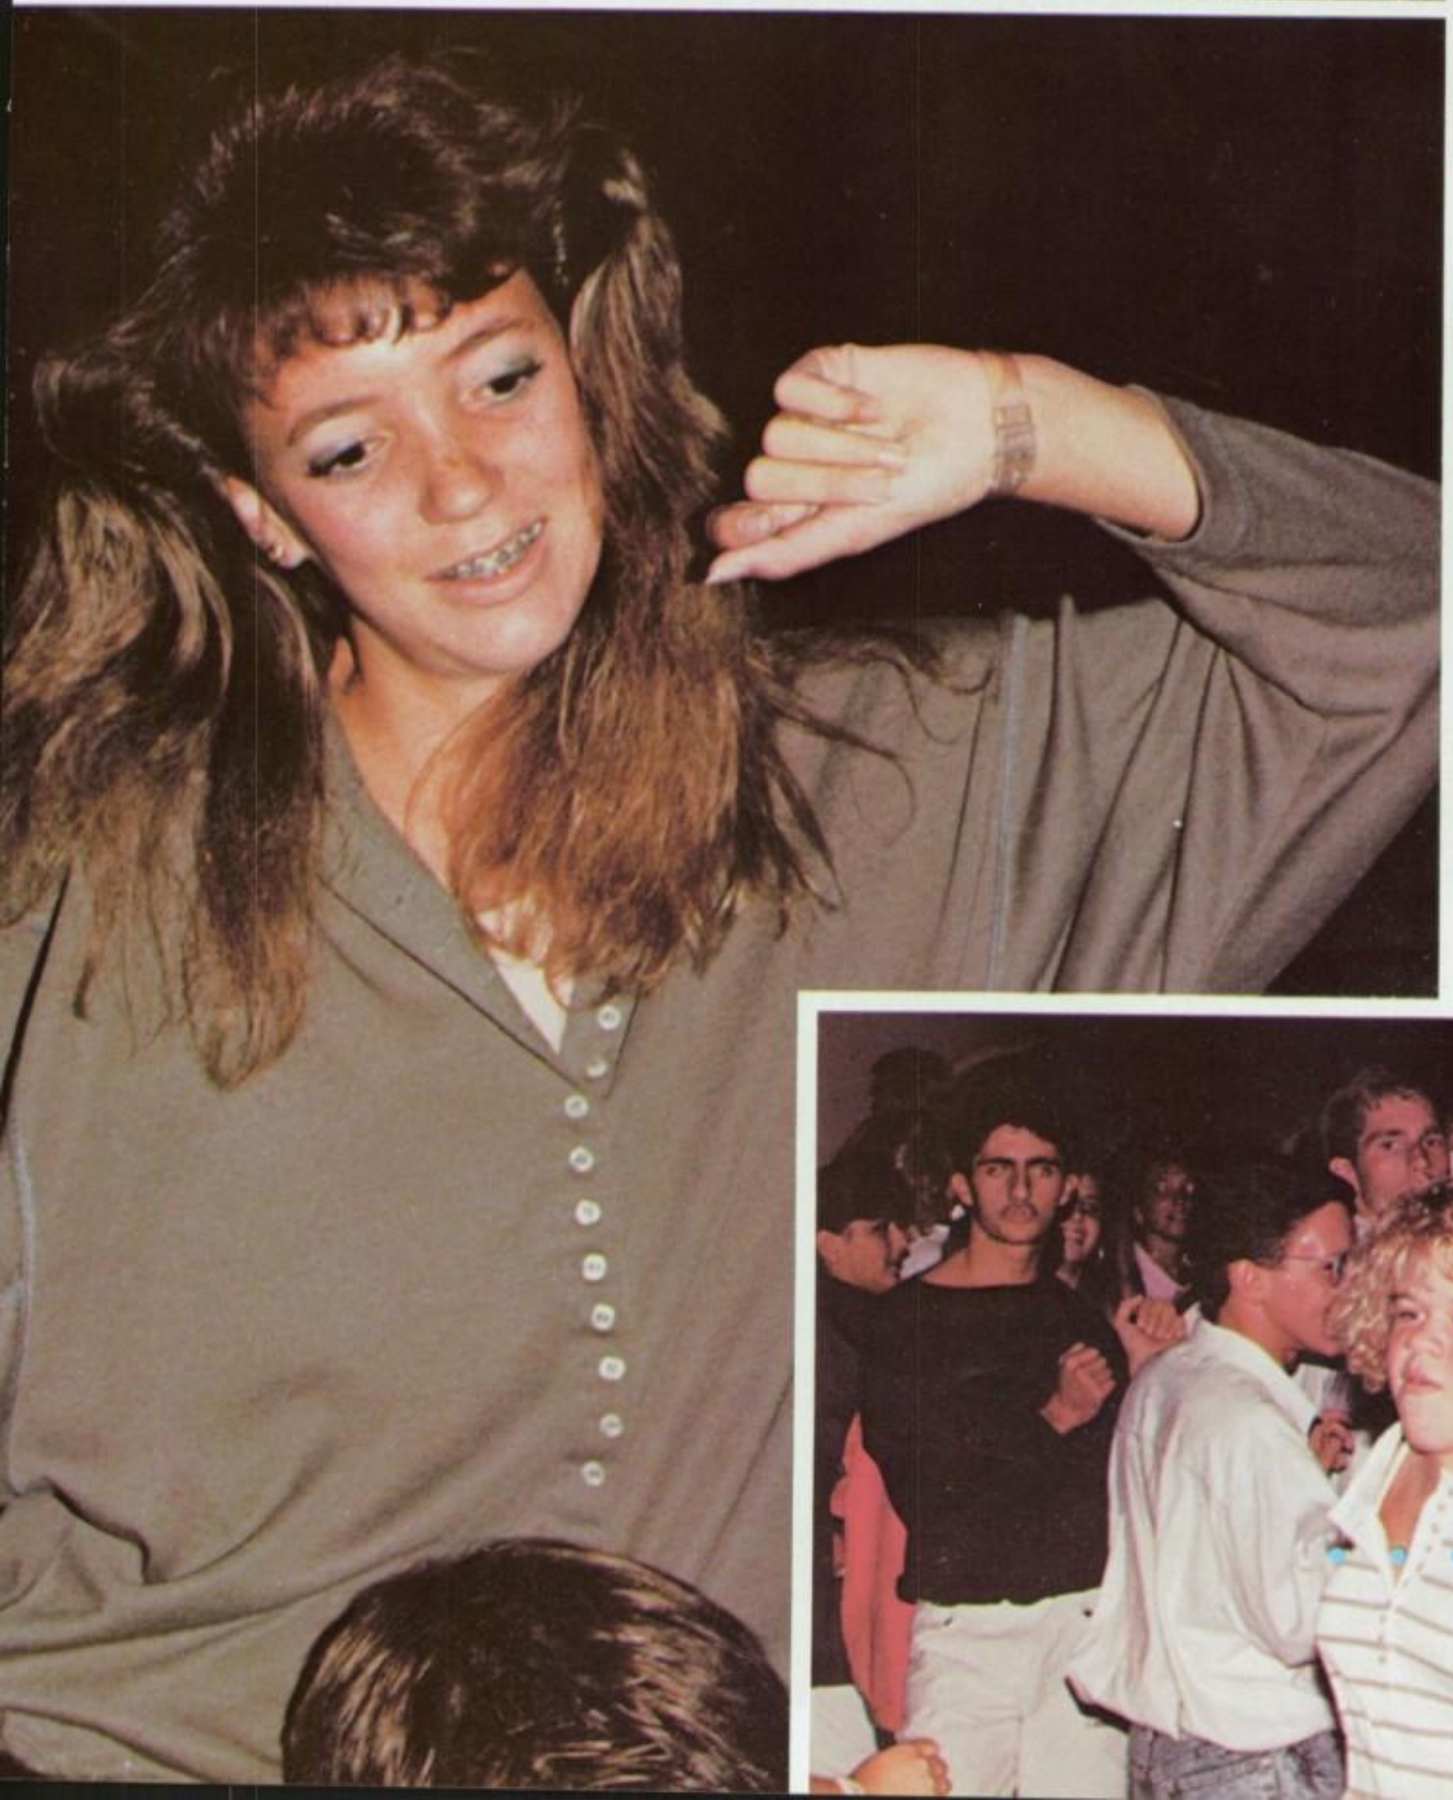
. . . and a



time for romance.

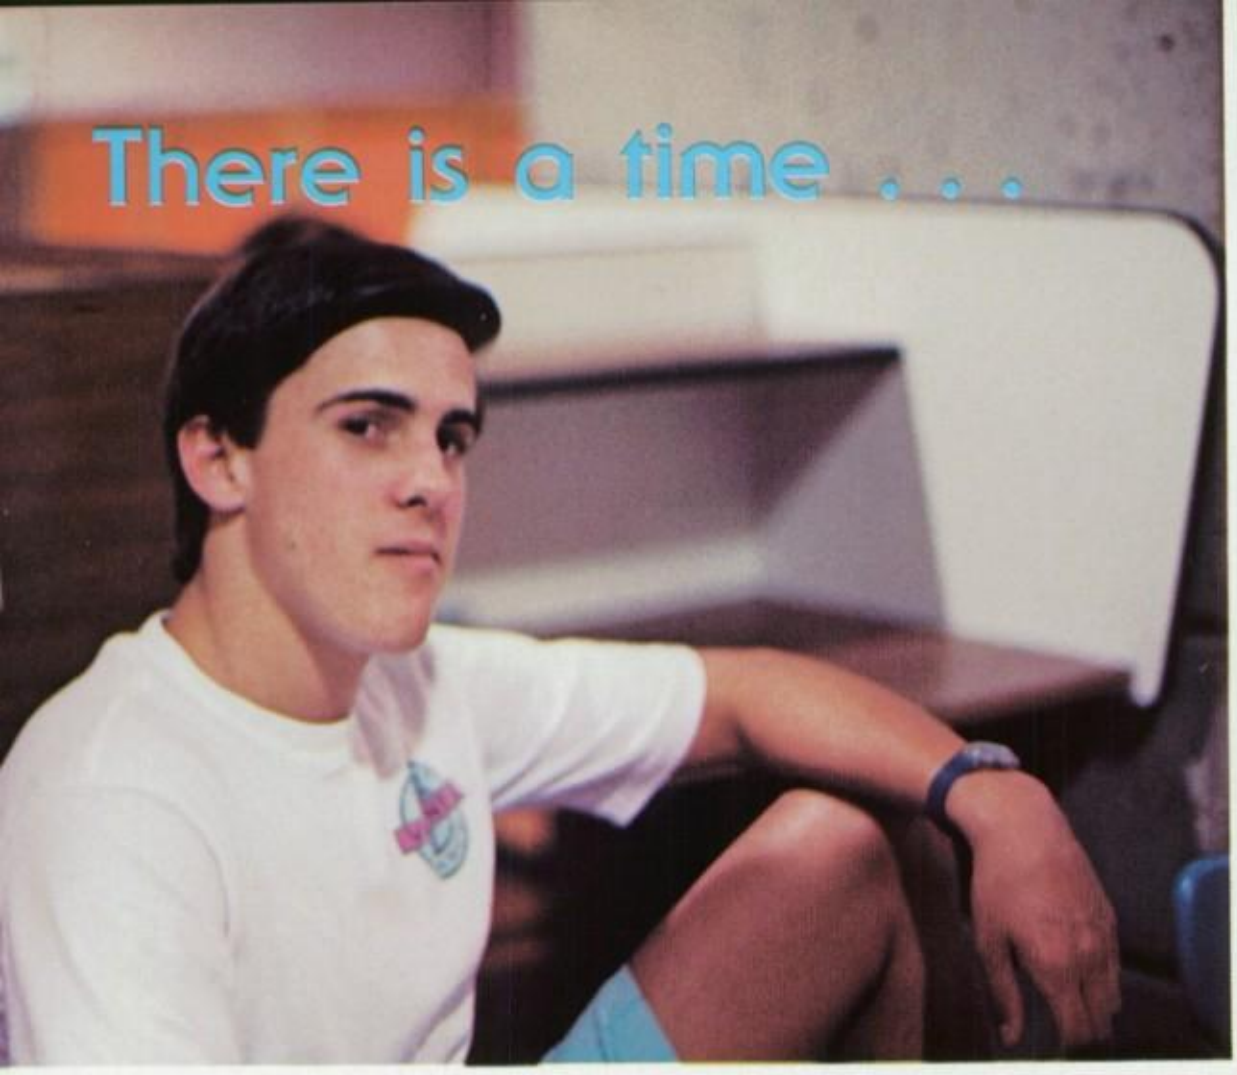
Let the good times . . .

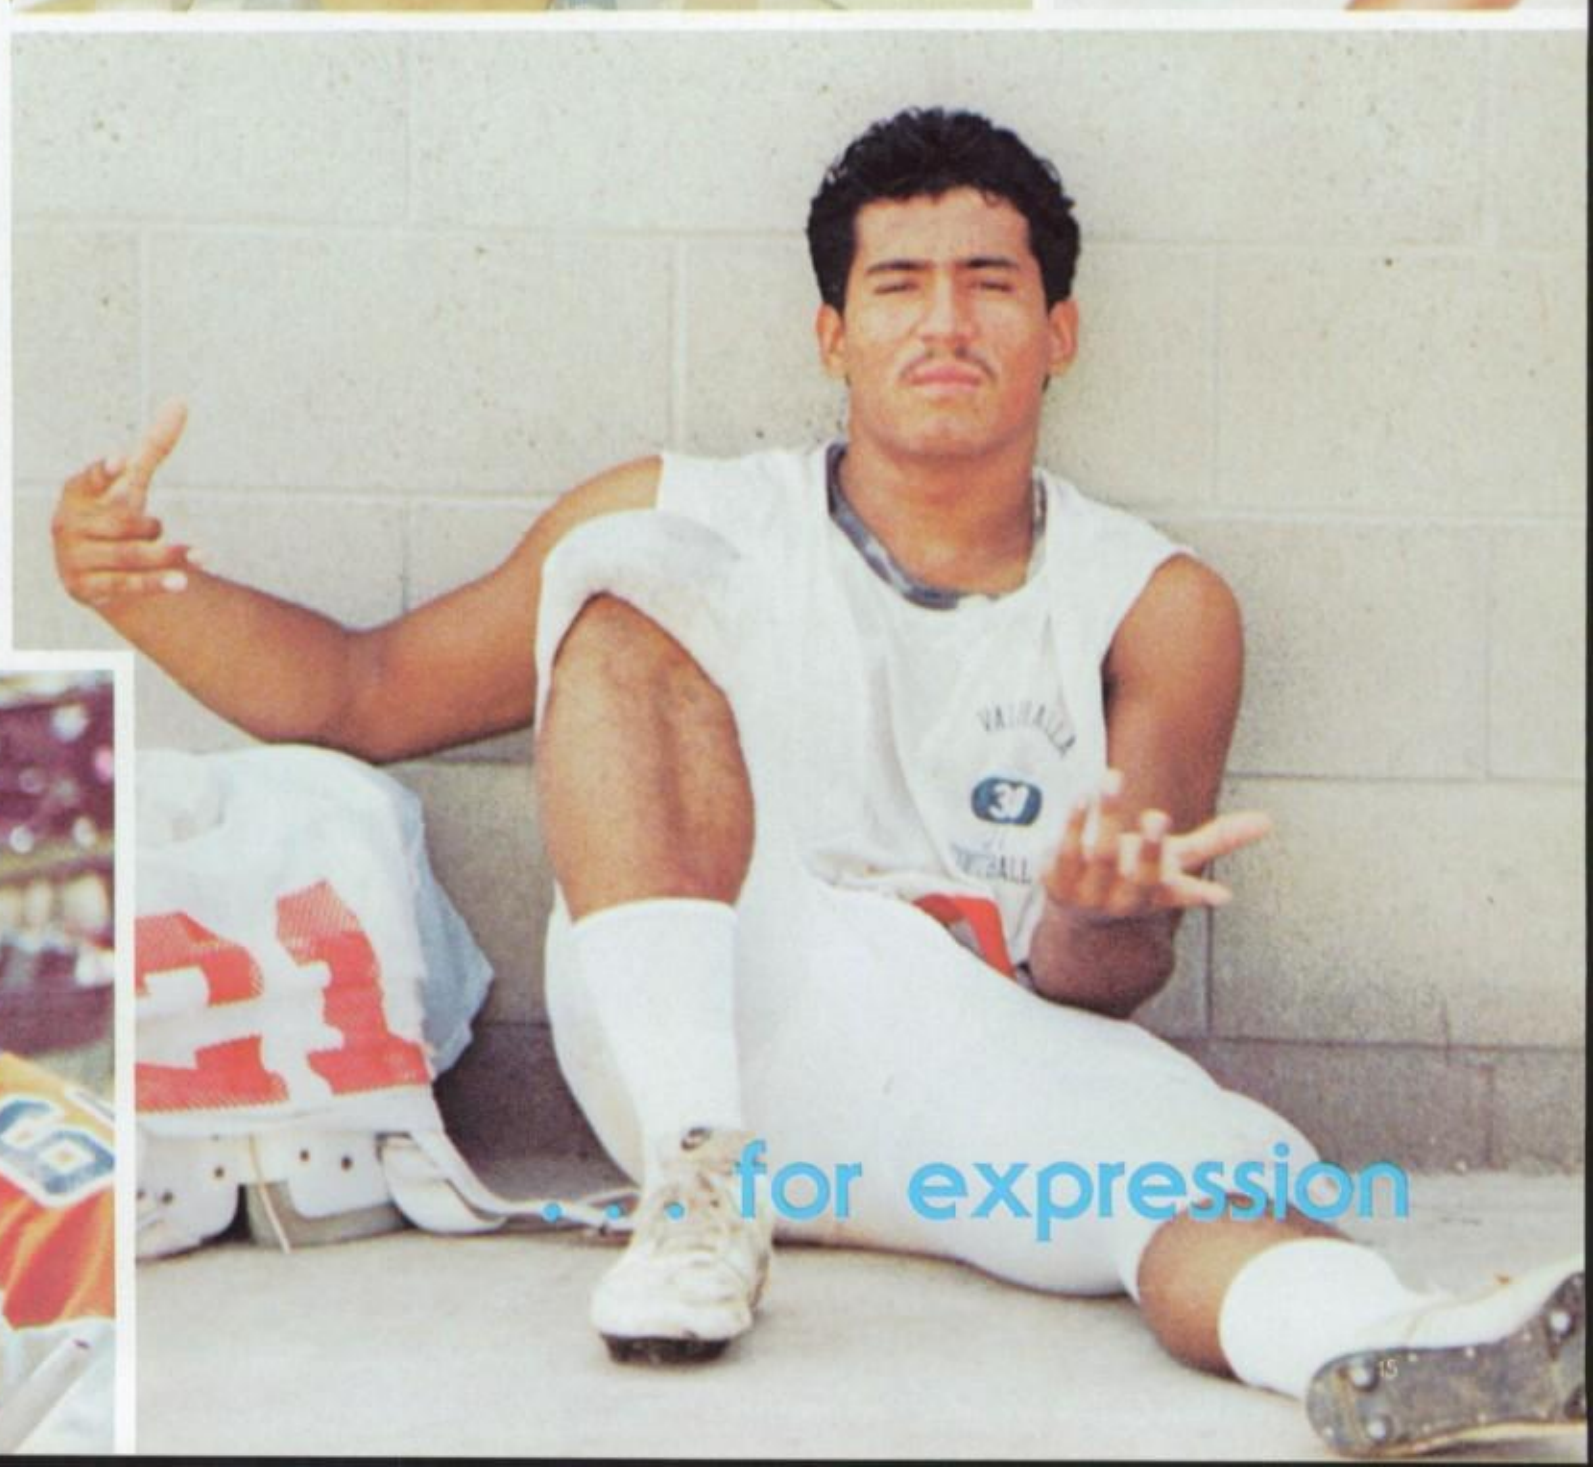


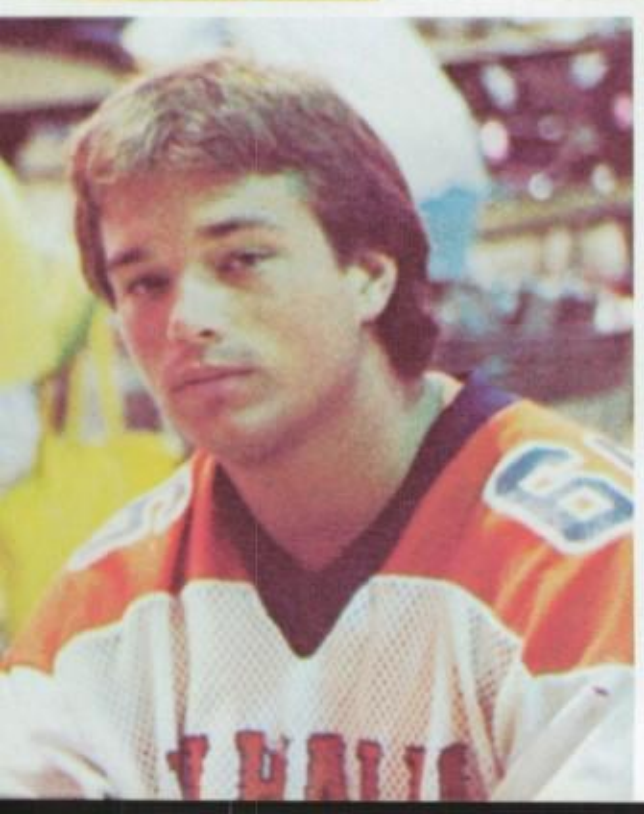


. . . ROLL!!!!!

There is a time . . .







. . . for expression

This is the end of the beginning of time for us. An end to the simple and carefree time we have known as childhood and adolescence and the beginning of a time we will call adulthood. It is a time to face reality and to pursue our dreams. The Class of 1991 has just begun on the last leg of their childhood journey, and the Class of 1988 has begun yet another.

We share a common starting ground, but from here on out, we are on our own. This has been our time to dream and plan and grow up; to become united as a class and a school; to learn about the past and look towards the future. Valhalla has been our time to discover our bodies and minds and make attempts to understand them.

Tomorrow, a new journey begins and it will be our time to make our dreams come true; to use these minds we have trained for so long; to make choices and decisions; to love, to laugh, to cry . . . to live. It will be our time to make use of what we have discovered here, and make an attempt to understand the world around us.

Valhalla has been but a few grains of sand in the hour glass of our lives, but they are grains we will never forget.

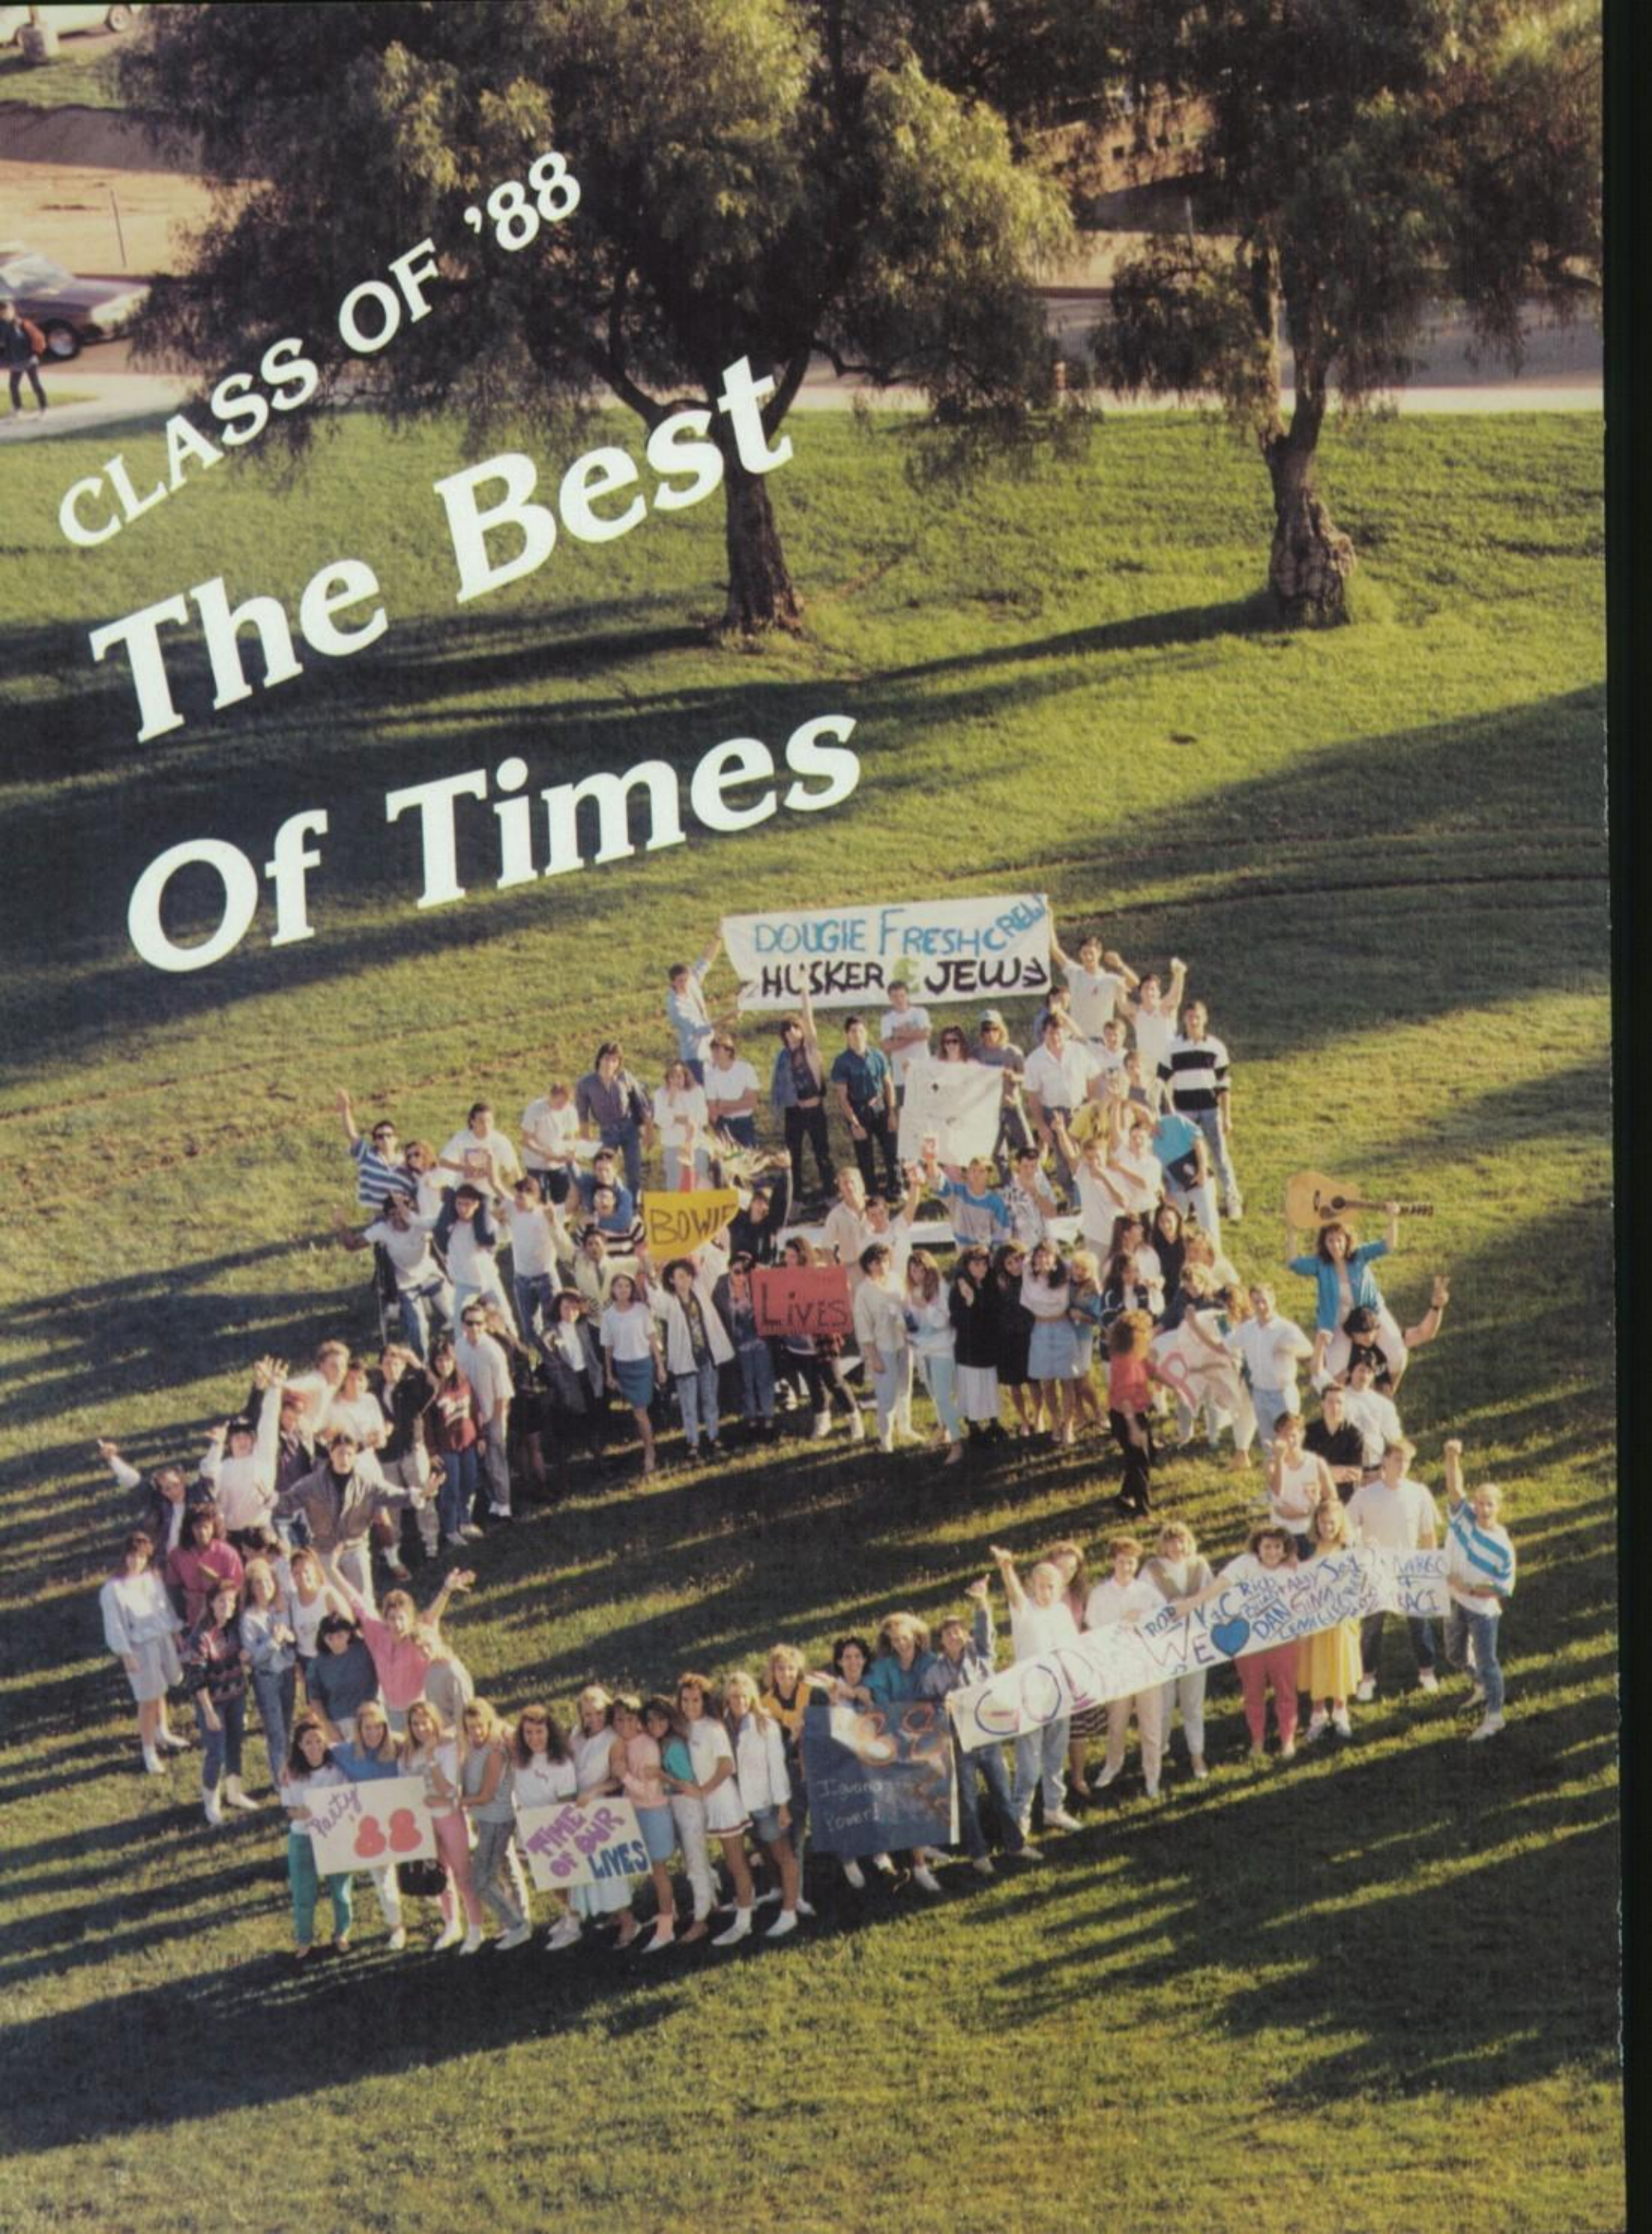
The Best Of Times



Now, I've had the time of my life
And I've never felt like this before,
Yes I swear, it's the truth,
And I owe it all to you . . .

"To everything there is a season, and a time to every purpose under the heaven.
A time to be born, and a time to die; a time to plant, and a time to pluck up that which is planted;
A time to kill, and a time to heal; a time to break down, and a time to build up;
A time to weep, and a time to laugh; a time to mourn, and a time to dance;
A time to cast away stones, and a time to gather stones together; a time to embrace, and a time to refrain from embracing;
A time to get, and a time to lose; a time to keep, and a time to cast away;
A time to rend, and a time to sew; a time to keep silence, and a time to speak;
A time to love, and a time to hate; a time of war, and a time of peace."

The members of House of Koening are elected by and for the student body. HOK, as most call it, is equivalent to the Senate in the United State Government. This elete group of leaders works hard to organize special events, such as dances and fund-raising events for Valhalla.

The House of Wirengamot serves a vital function at Valhalla. Consisting of one representative from each third period class, HOW's responsibilities are much like that of House of Representatives in that they have the final vote on issues pertaining to the entire student body.

The Valhalla *Saga* is a student produced publication. Students work throughout the year under the guidance of their advisor, Peggy Ormsby. In the past years the *Saga* has placed well in county competitions. There are ten to twelve issues published yearly. They are funded by the ASB class and through advertisements solicited by the staff. It is designed to teach students how to take on responsibility, work with other people and be proud of their finished product.

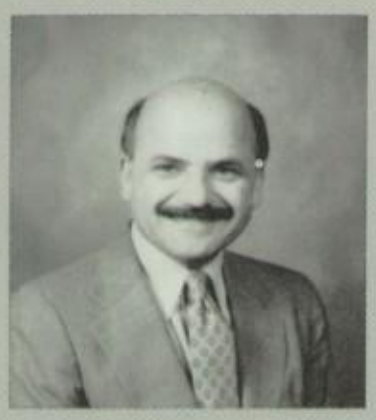
ENJOY LIFE!



"Who is that up ahead, you asked as we approached a bend in our path. Oh how his blue eyes sparkle with his devilish smile.

A teacher, I explained a leader of charismatic charm and cynical wit who loves to spar and tease and laugh. He is a true Renaissance man of grace and style. But he is more, I ventured, a rare gift to all who know him and have been touched by the inner glow that he radiates. Who was that you asked again as we rounded the run of our well trodden way. The image began to fade into a memory, " . . . a friend."

Rae Meadows

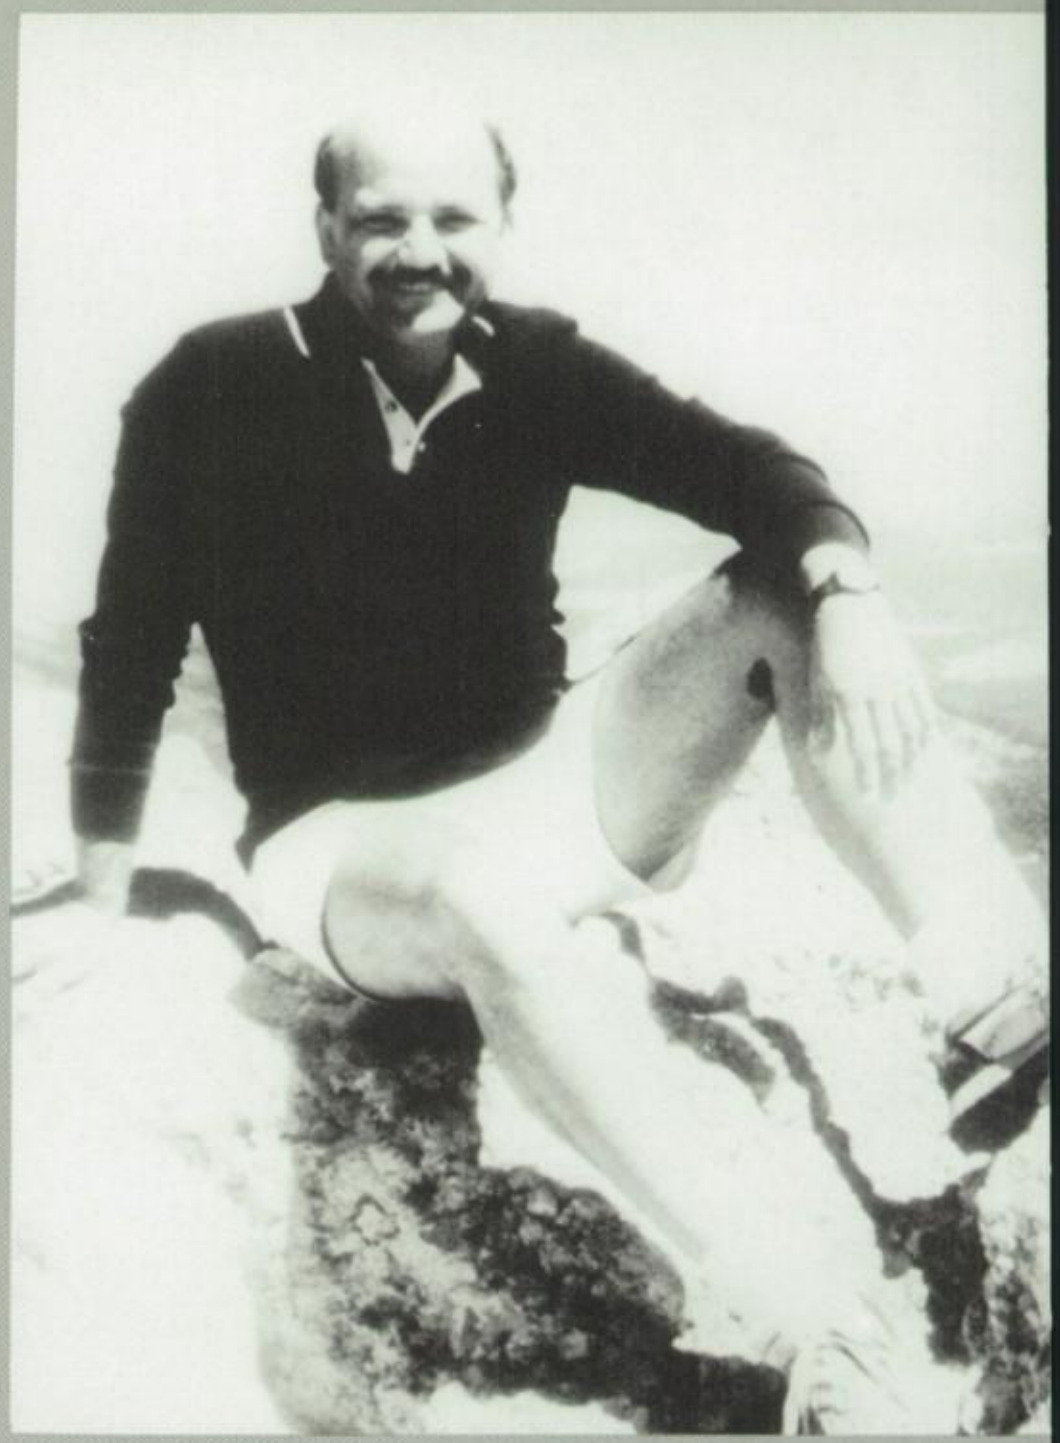
. . . From Cyrano de Bergerac . . . I can see him there — he grins He is looking at my nose — that skeleton — What's that you say? Hopeless? — Why, very well! — But a man does not fight merely to win! No-no — better to know one fights in vain! . . . You there — Who are you? A hundred against one — I know them now, my ancient enemies — Falsehood! There! There! Prejudice — Compromise — Cowardice —

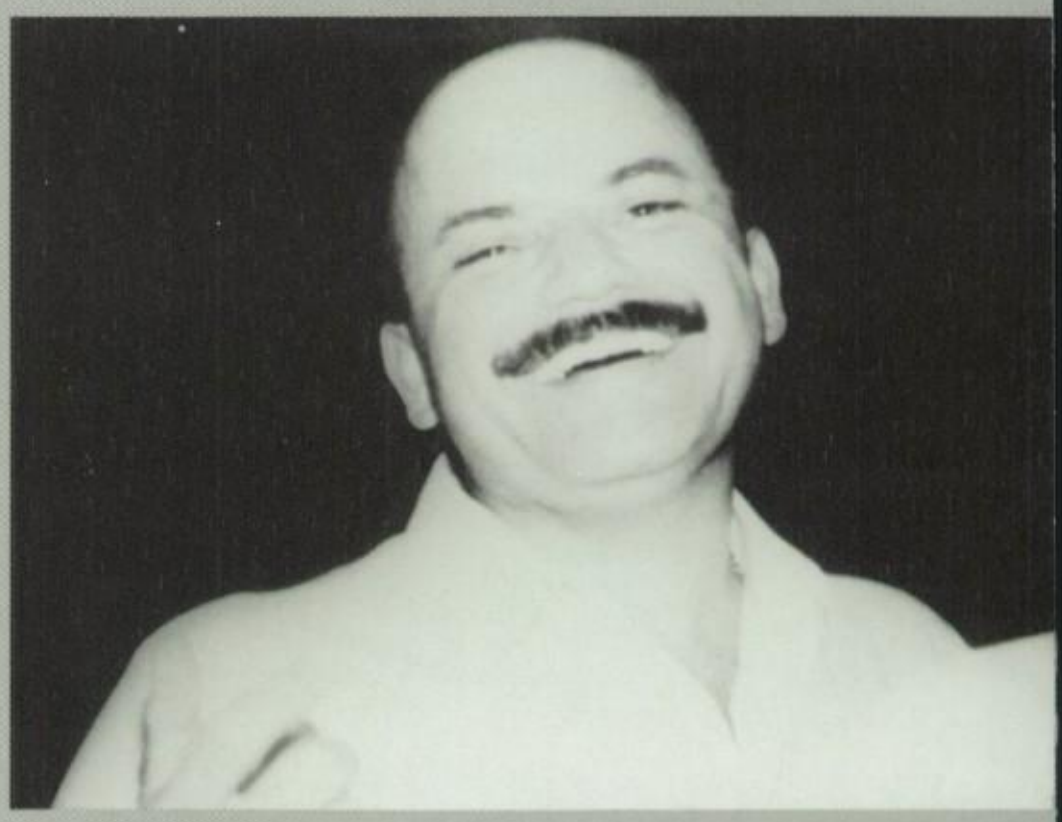
What's that? No!
Surrender? No! Never-never! . . .
Ah, you, too Vanity!
I knew you would overthrow me in the end — No! I fight on! I fight on! I fight on! Yes, all my laurels you given away And all my roses; yet in spite of you, There is one crown I bear away with me, And to-night, when I enter before God, My salute shall sweep all the stars away From the blue threshold! One thing without stain, Unspotted from the world, in spite of doom Mine own! —

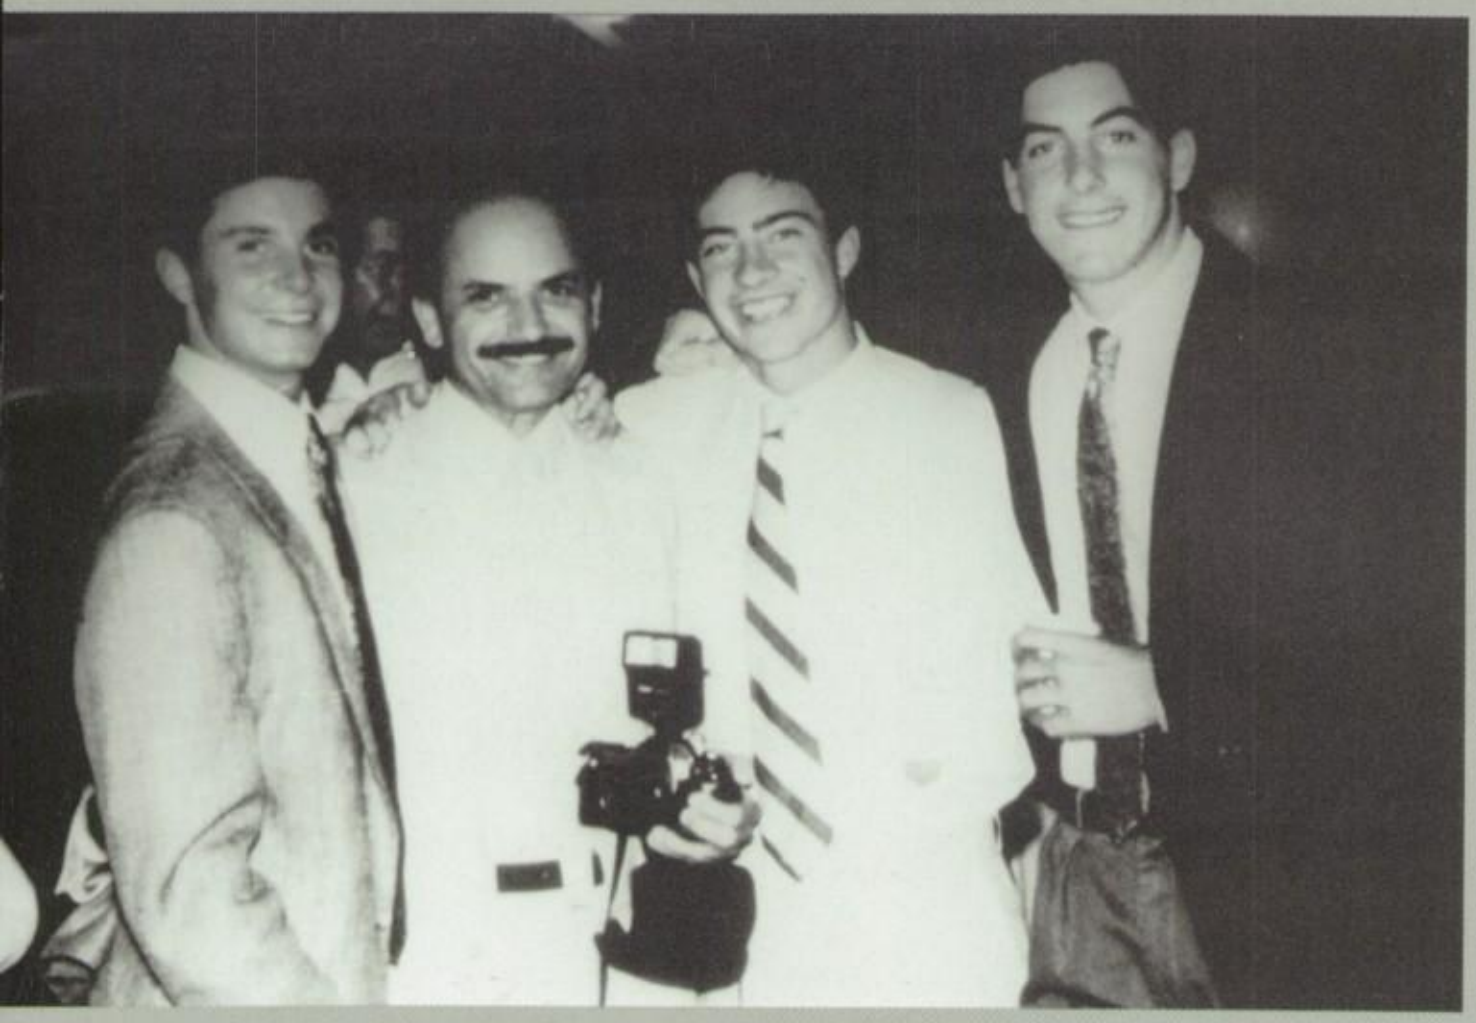
And that is . . .
— That is . . .
My white plume.
Edmund Rostand

"Your sideways smile, grinning at your own mystical joke; your bait to hook our values; a perfect word at an opportune time to soothe our hurt. You gave us hope. Through your eyes you gave us a perception of life only a man with rubberbands on his glasses could give. Each day was a surprise; full of laughter and knowledge, mixed interchangeably. You carried your life in a Norstrom bag, sharing with us pieces of what way inside, but never revealing all the magic you possessed.

Thank You Menti."
Kris Hill





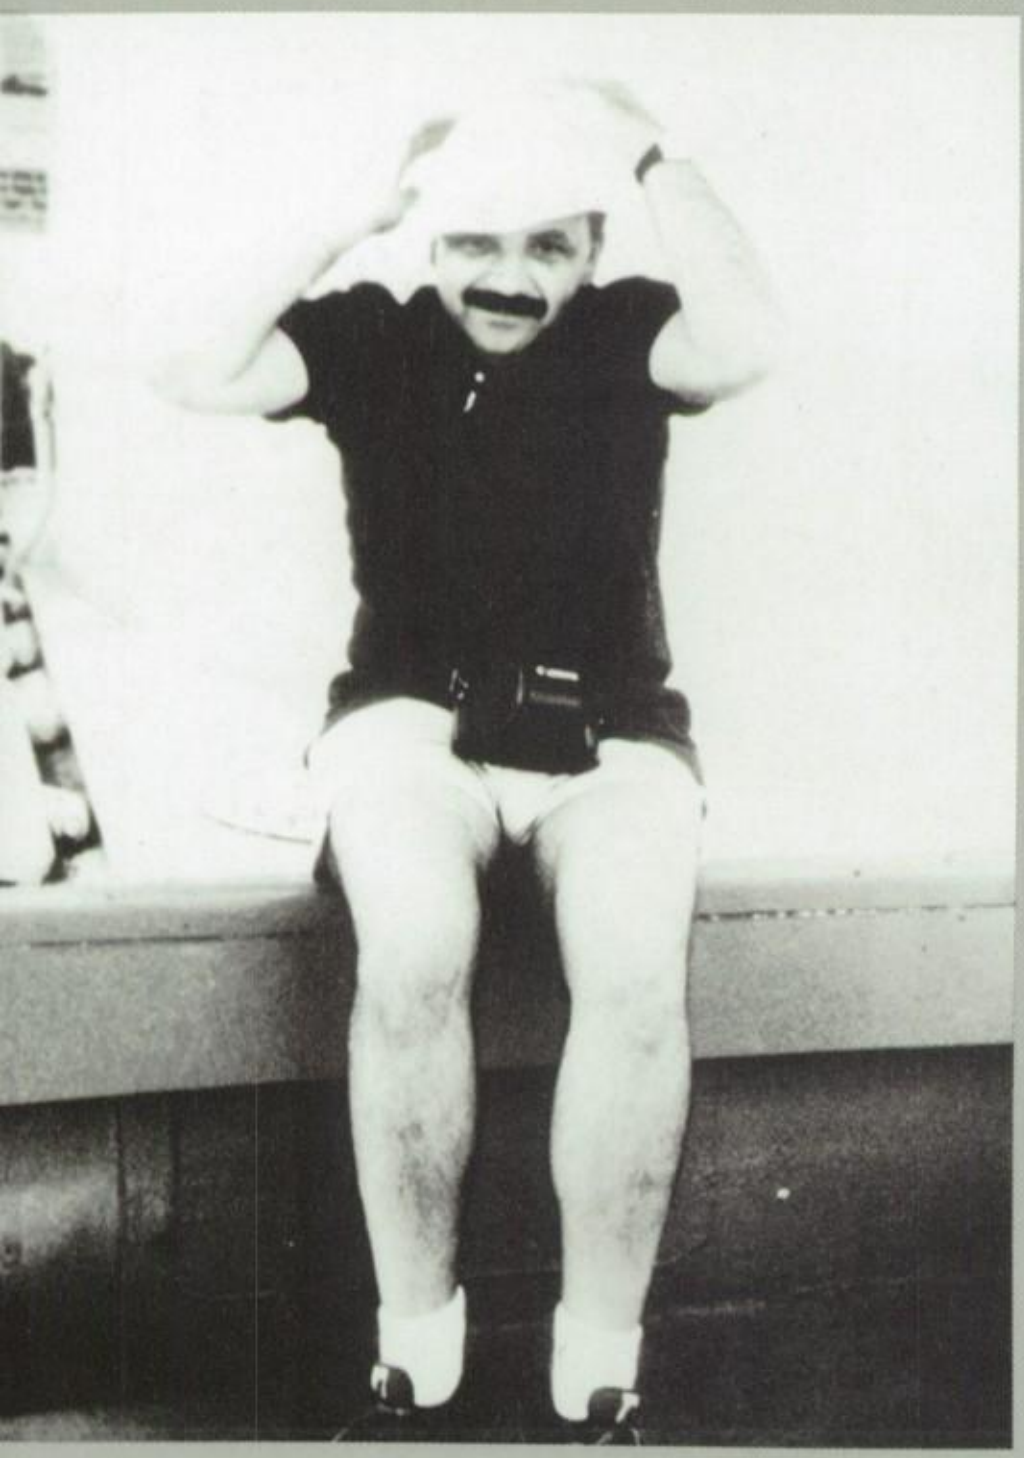


Aside from his great love of knowledge and insight into literature, what did George teach? He taught us how to laugh at adversity, how to comfort the desolate and encourage the dispirited. He taught us a new meaning of compassion and a new depth of caring. When the world seemed callous or our goal unreachable, he taught us to persevere and to dream. He taught us that the way to fashion a better world would be to model it on the example of dedication, optimism, and humor he so consistently provided.

And lastly, when the time came, with great courage and unflagging spirit, he taught us how to die.

He was a tender, giving man and we feel the pain of his loss, wondering when, if ever, we shall see his like again. We believe we won't, but that is not what **he** would believe. Of all people I have known, George had the most limitless faith in the future and in young people. That was why he devoted so much of his life to his students. he believed in the words of Robert Kennedy, 'Our answer is to rely on youth-not a time of life but a state of mind, a temper of the will, a quality of imagination, a predominance of courage over timidity, of the appetite for adventure over the love of ease.' So from those young people he loved so much, will come one to take his place."

Dr. Claire Tremaine



Once, in a great while, one encounters a truly exceptional being. A man who touches every aspect of their life. A man who is more than a teacher of history or literature, but a teacher of life. His sparkle fell upon each of his students in a multitude of ways. He was a teacher, a confidant, a friend, a dictator, a comedian, a tyrant, a gentleman; a truly motley combination of all personalities.

George Mentas came into my life with tremendous force and earned my utmost respect and admiration immediately. I was in awe of his knowledge and, at times, stung by the force of his wit.

Months later, I still feel pain at his absence from my life, and I wonder if I will ever not miss him so much. I wonder when I will not feel the sadness, when I will not feel as if I had lost something precious. He left an indelible mark on my life as he did on so many others, and he gave me the gift of his example. A man who truly knew how to . . . **ENJOY LIFE!**

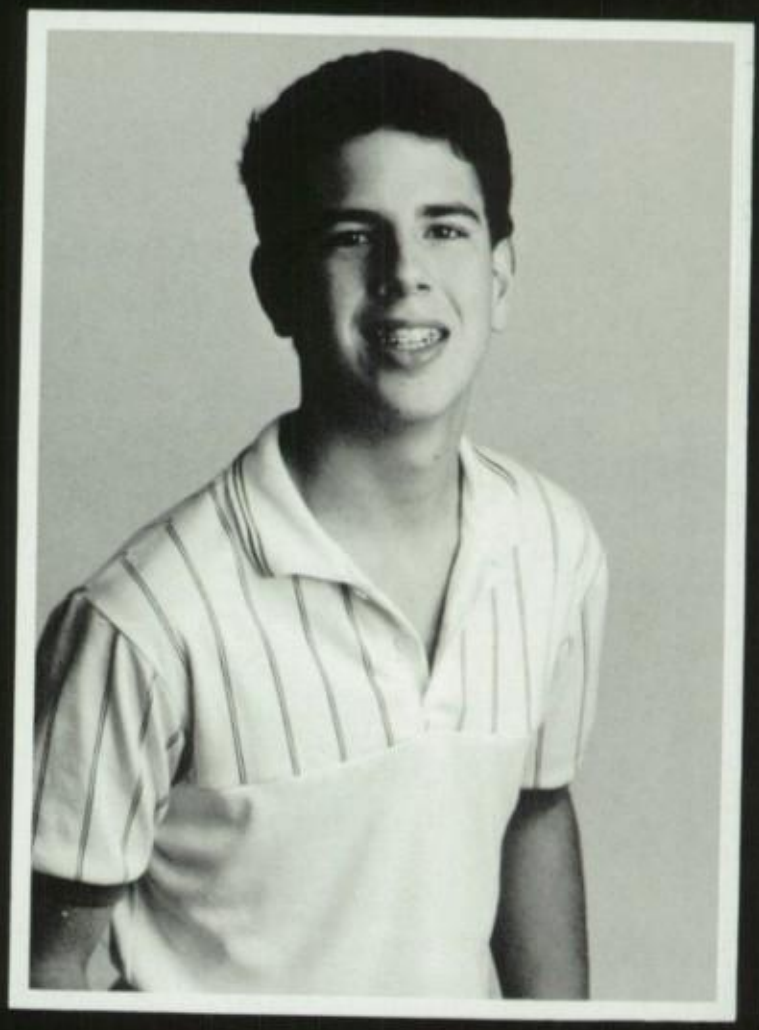
GIRL'S AND BOY'S STATE

Molly McKay

I had the time of my life up at Girls State. I gained more friends in a week than I had in my entire life. It was amazing to find how much I had in common with the other girls. Running for offices, doing speeches, participating in mock trials, debating current issues and learning about California legislature while exchanging ideas, ambitions, and hopes for the future with girls that were very active and academically sound, was an exhilarating experience. I was elected assembly woman and Speaker of the House of Representatives. After a crash course in Parliamentarian procedure we passed through a record number of laws and resolutions that the Girls State citizens had come up with. Although not being able to associate with the football camp across from our dorm, and only getting one sparkler each instead of watching 4th of July fireworks, Girls State was a blast.



Craig Pohl

The unspoken motto which pervaded the week was unity. Nine hundred and fifty guys from all over the state converged in Sacramento for a week of intensive work, learning, and enjoyment. We were all there for a common purpose: to create a working microcosm of society. To my amazement, this feat was accomplished for its fiftieth consecutive year by early Tuesday afternoon. It was made possible by an openness and total absence of pretense which is so prevalent in all but ideal conditions. Many have compared the experience to a "political text book come alive," but Boys' State extends beyond that. It is better described as a comprehensive, living curriculum.

Fast cars, big houses, fast food, N.B.A., Foorball, cheers, movies: that's what I used to think about the U.S.A., but it's also a fine place with finest people like Valhalla. I'm enjoying my stay at San Diego out at Valhalla and I consider myself very lucky to be in Southern California, the best part of America. Valhalla is a beautiful school, is very modern, and it's full of nice students. The "rockers" are nice too and I think that when I go back I'll miss America.

Hei! Here people complain when it gets hot, I don't. I have learned to appreciate the sun, especially now in Nov. when it could start snowing anytime in Sweden. I want to thank my host family, the Lovejoy's, for taking me into their openhearted home. If they had not chosen me I could have ended up in Alaska as well! Lycka till!

ty to choose the classes I was interested in. In the beginning it was a little hard to adjust for I was used to a completely different school system. On the first day of school I nearly died of neroosity, but soon I got better, and to my surprise, I never got lost in this round and confusing building. People have treated me really nicely and I enjoy being an exchange student. Spending a year in a foreign country is a wonderful experience — it's not always easy, but go for it! You'll have lots of fun!

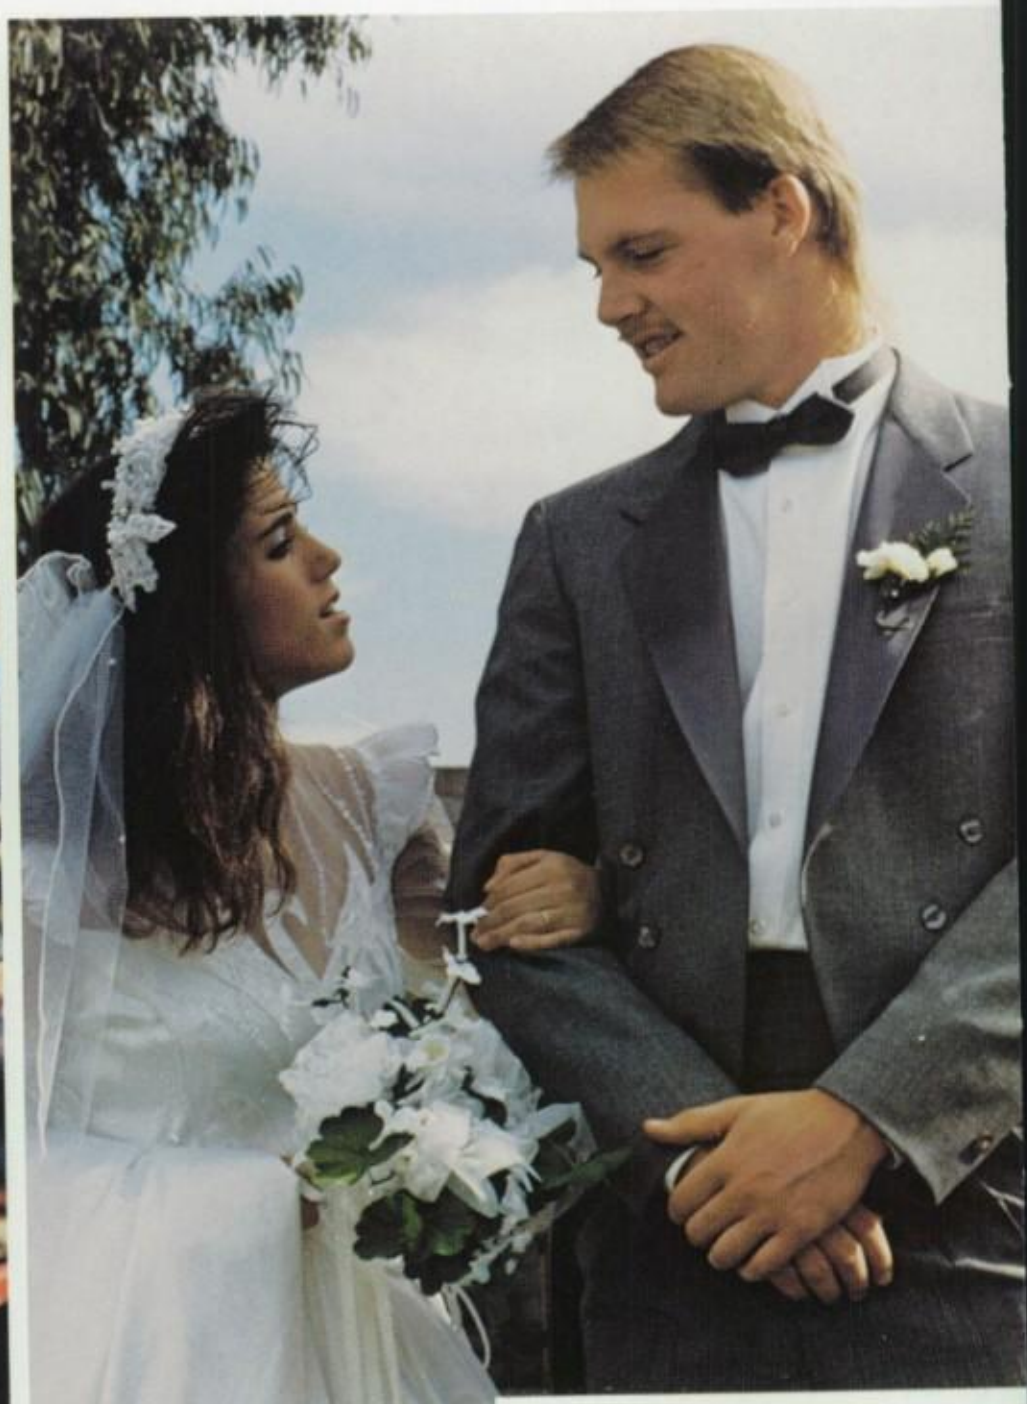
I NOW PRONOUNCE



YOU MAN AND WIFE.

The **Family Relations** class along with the wedding was started by the senior class of 1977. Year after year, the wedding has been one of the biggest events at this school. This year was not an exception with channel 8 news covering the activity. Mrs. Sue Blass feels the wedding is an integral part of the program because "marriage is the cornerstone to American families."

WINTER ASSEMBLY

CHARLES KING

"Every little cell in my body is happy, every little cell in my body is well." These words were brought to Valhalla High School by the inspiring Charles King. He lifted our spirits, filled us with joy, and most important . . . made us smile. It's one assembly that everyone enjoyed and will always remember!

Academic Decathlon, under the direction of Dr. Claire Tremaine, is primarily concerned with preparing the team for competition. The nine member team was selected from the thirty-five member class to participate in this illustrious demonstration of intellectual prowess. The ultimate goal of the "TEAM" is to win the county, state, and national competitions.

VIKING CENTER

Program for Severely Handicapped (SH) students are provided at three schools in the Grossmont District. The majority of SH students are referred to the high school district at the age of 14 years 6 months by the elementary school districts which feed into the Grossmont District. These students go to programs at El Cajon High School or Viking Center which is part of the Valhalla High School campus.

Students attending Viking Center require intense supervision and training due to severe to profound retardation, which may be accompanied by severe deficits in self-care, language, and/or ambulation.

Viking Center curriculum covers a wide spectrum of skills: language, pre-vocational skills, self-help skills, mobility and community awareness. Every student who attends Viking Center has an individual program designed for him/her by a team consisting of the teacher, parents, program specialist, psychologist, social worker, and the administration. The ultimate goal of any student program is to increase a students independence in as many of the curriculum areas as possible so he/she can assume their rightful position in the family and community.

SUPER XXII BOWL

More than 73,000 people jammed San Diego Jack Murphy Stadium to be part of Superbowl XXII. San Diego was show cased to corporate America and broadcast to 50 million perspective tourists.

Football fans will always remember the performance of the Washington Redskins in the second quarter-thirty five points, a record for one period in any NFL post-season game. Five touch downs on five consecutive possessions. A total of 18 plays covering 356 yards, expending just 5 minutes and 47 seconds of elapsed time. Laying waste to the Denver Broncos. The final score of Superbowl XXII was Washington 42, Denver 10.

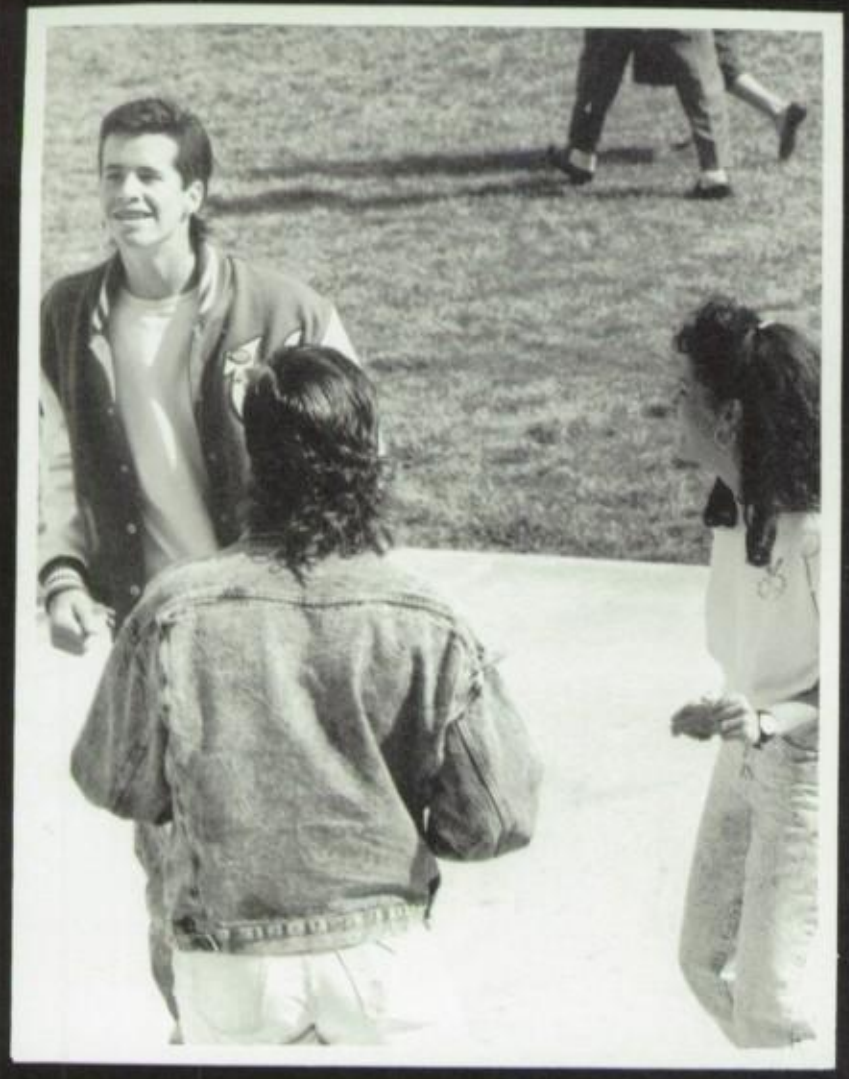
TIME TO CELEBRATE US



HAPPY BIRTHDAY VALHALLA! This years celebration was filled with fun for the entire student body. Cake and ice cream were served on the East lawn while students moved their bodies to the beat of Sunset Mobile Music. This was definitely the year to CELEBRATE VALHALLA!!

IT WAS THE EVE OF MY CHRISTMAS 15. I WAS OFF TO VISIT MY GURU. HE WAS DRESSED IN YELLOW SITTING IN A THATHCED HUT EATING A BOWL OF RICE. "GURU," I CRIED IN DESPAIR, "HELP ME!" "YES MY CHILD. I WILL GUIDE YOU THROUGH YOUR TRIBULATIONS," HE SAID "GURU, MY COSMIC ORIGINS ARE ALL ENTIRELY OUT OF WHACK!" I CRIED., "I SEE" HE SPOKE CALMLY. HE CLOSED HIS EYES AND BEGAN TO MEDITATE. HE SOON FELL TO SLEEP, WHICH SEEMED ODD. I REALIZED THEN, HE WAS DEAD.

Cote, even though you have retired. Have a blast of a life all!

The last few grains of sand are falling, and the time has come to say goodbye and bring to a close another edition of the Ragnarök. As the Editor-in-Chief of the yearbook this year, I was witness to many of the truly unforgettable moments of 1987-88. I remember those first few days of September, new rules, new classes, and the first glimpses of the class of 1991 discovering a new world. October brought us dreams of CIF waterpolo and football and a Senior Banquet night that will live forever in the memories of the class of '88 and a certain Mission Valley motel. Along into November, we paid highest honors to two of VHS's most dedicated seniors, Molly McKay and Kevin Carlin, in a truly timeless Tropical Homecoming. The month of December came with much sadness in the loss of a teacher, George Mentas, and the mark he left behind shall sparkle brightly for many years to come. But there was also a time for laughter at the unforgettable Winter Assembly when the soccer team displayed their championship spirit and other aspects of . . . well, you remember! January brought dreaded finals and a record breaking, a national touring, CIF semi-finalist Varsity Basketball team, along with CIF berths for every other Varsity sport. February was a time for Sweethearts and Celebrations, as Valhalla turned "14" and the Norsemen celebrated a Night to Remember" at the U.S. Grant. In March, the Administration showed their appreciation for a truly "GREAT" senior class, and the Mixed Ensemble embarked on a National tour. April brought us Spring Break and the preparations for the 1988-89 school year. As the April showers brought May flowers, plans for the Prom came into full swing. May 28th will forever be remembered as the "Time of Our Lives", a spectacular gala at the La Jolla Marriott. At long last, June arrived. Grad Nite, more finals, and of course, the moment I'd been waiting for Commencement!! The culmination of our life's work, the moment we move into, "reality"?

This school year has been an unforgettable one. The halls were filled, as always with the voices of tomorrow, the future leaders, the next generation of superstars! We are growing and changing every day, and creating an environment that will produce the best and the brightest. It is with a tear of sorrow that we say goodbye to two remarkable men. George Mentas left us suddenly, teaching many how very fragile life can be. Sidney Gerstler has moved on to a new school, and many new challenges which we hope will bring him much success. As we say goodbye, we also say Hello! and Welcome Back! to Bob Avant, our new leader. We hope your return brings you every happiness!!

At last, the final grain is poised and waiting to fall. I would like to personally say thank you's to Kyle and Todd, my most devoted photographers, to Kristi and Colby, my underdogs who came through, to Tiffany, Jan and David, who never let me stop laughing at myself, and to my awesomely dedicated crew!! To Tina, Carrie, and Marsi, good luck! Next year is up to YOU!! Finally, I wish to thank the man who we all looked to for support and guidance; the man who spent his weeks nights locked in a tile insane asylum, away from his family; the man whose wisdom has been a part of the Ragnarok since its inception. Marty, I can never tell you what you have meant to my life. I speak for all of us when I say, "THANK YOU!" You have given us so much, you have given me so much I we will never forget what you have taught us.

To all the Valhalla Norsemen, remember, the time is new! Make the most of today and never let go of your dreams!
